

LAST TIME FOR MICHAEL STROGOFF

Last Chance to See Spectacular Film at the Broadway Theater.

Theater-goers of Oakland have today and tomorrow in which to see Jacob P. Adler, the eminent Jewish tragedian, in the dramatization of Jules Verne's Russian romance, "Michael Strogoff," the most spectacular picture ever exhibited, now being shown at the Broadway theater.

"Michael Strogoff" is the talk of the city. It is the last word in thrilling drama. There are 23 scenes and in every one there is a quickened pulse beat. It is splendidly acted, and the settings are most realistic. The picture, in five parts, is being shown at 11 a. m. and 1, 3, 5, 7, and 9 p. m. daily. Adv.

Takes Lead in Red Cross Contributions

WASHINGTON, Nov. 20.—Dublin, New Hampshire, has taken the lead for per capita contributions to the Red Cross European War Relief. With a population of 500 persons, Dublin has subscribed \$1500, \$3 for each inhabitant. In addition, Dublin has given \$1000 to the Belgian relief committee and much clothing and supplies.

France Will Send Exhibit to Exposition

BORDEAUX, France, Nov. 20, via Paris, 4:45 p. m.—The French Cabinet decided today that notwithstanding the war, France will participate officially in the Panama Exposition at San Francisco.

FACES AS FAIR AS AN ORCHID

Are Possible When Stuart's Calcium Waters Are Used After Meals to Clean Up Skin Eruptions and Discolorations

When a face is covered with blotches, liver spots, pimples, blackheads, etc., Stuart's Calcium Waters will act like some magical charm. However, there is nothing magical about them. They are nature's own way of cleansing the human blood and preventing it from clogging the pores of the body—the skin—with pimples and little skin eruptions.

"With a Face as Fair as a Day in June."

The abolishing of all skin disorders must begin with the blood. Lotions, salves, cosmetics, etc., will do no material good. The trouble comes from within and there the remedy must be applied. If you really desire quick action and at the same time a common sense, natural, harmless blood purifier, then Stuart's Calcium Waters is this remedy. The correct and best blood purifier known to science is Calcium Sulphide. This great cleanser is contained in proper quantities in Stuart's Calcium Waters and that is why all blood troubles and skin blemishes rapidly disappear after their use. An itching and pimply face due to impure blood is one of the most disgusting sights one can see, and yet all about us, upon the streets, in the theater, when traveling, etc., we see these horrible results. There is no need for this condition if you will take Stuart's Calcium Waters daily and keep all salves, lotions, cosmetics and other harmful preparations from clogging the pores. Every first-class druggist in this country carries Stuart's Calcium Waters, which are pleasant to take, harmless, and may be obtained for 50 cents. box. A small sample package will be mailed free by addressing F. A. Stuart Co., 113 Stuart Bldg., Marshall, Mich.—Adv.

pass, has today been accepted with scarcely a murmur. Late reports from Turkey indicate that the Turkish army is making a better showing than at the opening of the Balkan war. This is believed to be due to the fact that the men are largely offered by Germans, who are able to make better use of the recognized fighting ability of the Turkish soldier than are his own commanders.

In Constantinople there have been several outbreaks against foreigners, but none of a serious nature. Henry Morgenthau, the American ambassador, and the members of the embassy staff, are working at top pressure to care for the interests of the United States in the Balkans, and they have received much praise for their efforts.

The coming of winter having interrupted the fighting along the North Sea coast, Germany is making an effort to pierce the line of the allies at another point. The French war office announced today that in the region of the Argonne forest, where severe engagements have been in progress for the last few days, three vigorous attacks had been made by German infantry. These assaults, it is said, were repulsed.

GERMAN TROOPS MIGHT UNITE. The importance of this battle, foreign military critics explain, lies in the fact that if the Germans should succeed in pushing back the allies they would be able to join forces with their troops, which, farther to the east, have thrust a sharp wedge into the line. Such a junction of forces would result in the surrounding of the strong fortress of Verdun, which the German Crown Prince attacked in vain during the earlier days of the war.

The reply of the allies to this challenge was an attack on the Germans in the neighborhood of Verdun. An official communication given out today said that this attack had been repulsed.

In Belgium the diminution of activity has become still more pronounced. There was almost a total absence of infantry attacks in the northwest and even the artillery fire which recently has been unusually severe, has lessened.

REOCCUPY TOWN. The Germans on their left wing have reoccupied a section of the town of Chauvencourt, which they recently blew up with mines after the French had forced their way in.

Either the censorship or the absence of decisive events was responsible for the fact that from the other fields of battle in Russian Poland, Turkey, Serbia and Persia, there came only fragmentary information today. The German statement said that the Russians were continuing their retreat in Poland, but that in Eastern Prussia they had captured an unoccupied fort.

CANAL REGION FLOODED. PARIS, Nov. 20, 2:46 p. m.—The French official communication issued this afternoon says:

"The day of November 19 was marked by the almost total absence of infantry attacks on the part of the enemy; at the same time, the artillery fire was much less violent than on the afternoon of November 18."

"To the north the weather has been very bad and snow has fallen."

"All the region of the Yser canal to the east of Dixmude is invaded by the waters."

"In front of Ramcapelle we have withdrawn from the water two 1.6 centimeter mortars abandoned by the Germans. There has been a fairly intense artillery fire to the south of Ypres."

"On the center there have been no important actions to report. In the Argonne three vigorous attacks on the part of the enemy's infantry have been repulsed."

"On our right wing the Germans have reoccupied the destroyed section of Chauvencourt. Farther to the east we have made some progress."

"Personally we love our home, but we evacuate when it looks like the bill collectors are mobilizing on our front porch."

ing 5 or 10 cents per name in addition to that allowed by statute. Suddenly it was announced that Cook would run again.

RUMORS OF PLOTTING. This came after repeated conferences at Frederick's headquarters in San Francisco and after rumors of a plot to charge wholesale frauds to Alameda county Progressive deputies with a great share of trumpets, charging that they had registered many as Progressives who in truth had desired to register as Republicans.

About this time, also, it became evident that something must be done for Knowland in Alameda county running for Republican nomination for United States senator. County Clerk Cook called for an expression from the board of supervisors for the purpose of feeling out to the voters on a supposedly fair and impartial investigation, inquiries as to how the frauds had been registered.

A Progressive board of supervisors permitted this to be done on the statement of Cook and that the investigation would be fair and impartial. After the appropriation and so-called investigation, Cook admitted that he had sent out inquiries only to those registered as Progressives, and none whatever to those registered as Republicans.

PLEDGE FAIR INQUIRY. This, notwithstanding the assurance of himself and Supervisor Foss, who up to this time had signed the investigation as fair and impartial, and not absolutely fair and impartial, and notwithstanding the fact that there had been charges presented specifically against Republican registration as well as Progressive registration, and notwithstanding the resolutions of the Progressive county central committee demanding an impartial and thorough investigation and the prosecution of frauds. (See exhibit 11.)

Your committee, however, has been unable in the short time allotted to it, to present any documentary evidence with references to the election frauds. It believes, however, the above to be absolutely the truth.

Your committee believes, also, that the matter of registration is of secondary importance and somewhat obsolete at this time, by reason of the more recent and acute frauds known as the "primary frauds," which have resulted in the indictment of four primary officials who are at the present time charged with actual fraud in the precincts in which they served as election officers.

And in view of the fact that the press generally and the public have been charged by these indicted officials to the Progressive party, your committee believes the following statement of facts pertinent:

OFFICERS ARE NAMED.

Section 1142 of the General Laws of the State of California provides: That when an election is ordered, the Board of Supervisors must appoint officers of election boards from among the various electors of each precinct to be election officers only in the precinct in which they are registered and actually reside, to constitute the election board for such precinct. Such board of electors shall canvass the votes for such precinct, and until the closing of the polls. Any person acting as a member of any election board who cannot read and write the English language, and any person who, upon conviction after proper notice of his appointment, is found guilty of any fraud, shall be subject to pay a fine of \$500, and upon failure to pay said fine shall be imprisoned in the county jail of such county, or city and county, for the period of one day for each dollar of such fine."

The custom in Alameda county has long been, and is rigidly adhered to by the Supervisors in each supervisorial precinct, to name the election officers of the precinct in his district and the Board of Supervisors officially appoints these so named.

Supervisor Joseph M. Kelley, nominated the election officers in the five precincts where fraud was found. Supervisor Joseph M. Kelley is a Republican and has never had any affiliation with the Progressive Party in Alameda county or elsewhere. These five precincts are all in Oakland and all in Supervisor Joseph M. Kelley's district, being Oakland precincts Nos. 29, 30, 37, 40 and 43, and these are the districts where the fraud was committed by the election officials now indicted by the Alameda county grand jury.

One of these, Fred S. Beach, appointed by Supervisor Joseph M. Kelley, was an election officer in precinct No. 37. The other three were not official appointees of the Board of Supervisors at all, but were appointed and sworn in by the boards appointed as aforesaid by Supervisor Joseph M. Kelley.

SOME DID NOT SERVE. The committee desires to call attention to the fact that the swearing in and serving of these election officers was made in the fact that the original appointees did not serve for

COAST STORM RAGING, MEN ILL, LITTLE FIGHTING

BRUGES, Belgium, Nov. 19, via Club and London, Nov. 20, 8:22 a. m.—Large bodies of German engineers have been seen passing toward the front, according to information received here, and it is believed the Germans are planning to cross the inundated country by scientific engineering methods. In the meanwhile the western storm continues and the waters of the North Sea are sweeping inland through the six big locks at Newport.

It is learned here that the Germans, on November 18, attempted a raid on these locks, which are built in a semi-circle. Their attack, which was conducted in a number of armed automobiles, was repulsed.

The fortifications which have been constructed all through West Flanders for use in case of an eventual German retreat, evidently now are completed for the troops employed in their construction have all gone to the front. The snow in Flanders continues. There is much illness among the men in the trenches, and the past few days have seen little fighting.

Von Buelow to Fill Embassy to Italy

PARIS, Nov. 20.—A dispatch from Rome to the Fourner Agency states that Prince von Buelow has been appointed German Ambassador to Italy. Recent dispatches from Rome have indicated that Herr von Buelow, the German ambassador there, was about to retire.

Bernhard von Buelow, formerly chancellor of the German Empire, who usually resides in Rome, and who through his Italian marriage has great influence in Italian society, was mentioned as likely to take the post, in view of its importance at this crisis.

England Halts Export of Tea to Enemy

LONDON, Nov. 20, 3:33 p. m.—Great Britain today prohibited the exportation of tea to all continental ports except those of the countries of the allies and of Spain and Portugal. This prohibition is due to indications that Germany is receiving large supplies of tea through the Netherlands.

British War Loan Is Oversubscribed

LONDON, Nov. 20.—The Daily Chronicle asserts that the new war loan already has been oversubscribed and that the applications are still pouring in. According to the Chronicle, the amount subscribed aggregates £500,000,000 (\$3,000,000,000). The total loan amounts to \$1,500,000,000.

DOCTOR ARRESTED.

ALAMEDA, Nov. 20.—Dr. W. A. Eichengraber of 2110 Broadway street was arrested last evening by Policemen Pries on a charge of driving his automobile by a standing street car on Webster street. He was released on \$5 bail.

The record shows that in Precinct 29 four of the six election officers serving were not residents of precinct 29; that in precinct 30 five of the six serving were non-residents of said district; that in precinct 37 five of the six election officers serving were non-residents of said election precinct, and that in precinct 40 three of the six election officers were non-residents of said election precinct.

In support of the foregoing your committee had before it this day one J. H. Helmetstein, a qualified candidate for Supervisor as against the present Supervisor, Joseph M. Kelley. Said Helmetstein made a statement which was a copy of this is herewith submitted and marked Exhibit 1. Said statement, as set forth in said affidavit, was freely and voluntarily made to your committee to be the absolute truth, but between the time the affidavit was reduced to writing and the utterance of these facts by Helmetstein, said Helmetstein had consulted his attorney and by his advice decided it would be prejudicial to his interests as a candidate to publicly make such declaration.

Also your committee desires to report that in furtherance of substantial rumors we communicated with Edward Planer, deputy in the County Treasurer's office, who in substance said that he had heard Supervisor Joseph M. Kelley say that Cook had promised to allow Helmetstein to qualify as a candidate against him, that this was done for the purpose of preventing a recount on Helmetstein's part. Mr. Planer was asked to place this in writing, but refused to do so in view of the fact that he held a position in the County Treasurer's office. Mr. John Rohan was communicated with and made substantially the same statements as Planer, but he, too, refused to make any written public statements.

Kidneys Should Not Be Neglected

The most important organs of elimination are the kidneys and they must be kept clean and active so they may remove the poisonous waste matter which otherwise returns to the circulation and adds its way to all parts of the body. If you're nervous, lack ambition and have backache and indigestion, it's almost certain that the functions of the kidneys to remove impurities is impaired and should be remedied immediately. With its ability to keep the kidneys acting freely and in a healthy state Warner's Safe Kidney and Liver Remedy aids the body of many impurities which, if absorbed, would make life miserable, entailing great discomfort and suffering. It acts specifically upon the kidneys and liver in such a manner that it establishes a healthy condition and tones up these vital organs if not taken too late. For over 37 years Warner's Safe Kidney and Liver Remedy has been the standard for kidney and liver diseases. Get it at your druggist's in 50c and \$1.00 sizes. CHARGE ATROCITIES AGAINST GERMANS

By Associated Press. LONDON, Nov. 20.—The Belgian commission of inquiry into alleged German violation of the laws and customs of war has issued another lengthy report, which is published today by the British official bureau. It covers what is described as the "massacre at Tamannhous," the "sack of Dinant" and "outrages in the province of Belgian Luxembourg." The report says that over 650 persons were shot by the Germans in the village of Tamannhous. Referring in detail to this alleged massacre, the report describes how a group of between 400 and 500 men were collected in front of the village church. As shooting them down with rifles proved too slow, German officers ordered up a machine gun and those not killed by the bullets from this weapon were finished with bayonet thrusts. According to the commission's report more than 700 of the inhabitants of Dinant were killed. Eighty-four of these were shot to death on Harade Square and 59 others outside of the church from which they had been driven by the Germans. The report alleges that more than 1000 similar executions occurred in the province of Luxembourg.

a subdivision which costs wholesale \$30 per acre. The plan fact is that farming is a type of business which will not, cannot, stand such overhead charges.

"Second, some method must be found of assisting the new settler over the first years of development until the enterprise becomes a going concern.

"Some countries are meeting this situation by various forms of land and chattel mortgage credit. The Canadian Pacific railway, for example, offers settlers either 'ready-made' farms or 'loan' farms. Frank Adams has made an investigation of the system employed by this company and will report to your committee. Briefly, the basic principle is to make the farm as nearly as possible a going concern from the start and to give the purchaser twenty years in which to pay for the investment.

"Third, the settler must have some authoritative means of determining whether the character and quantity of the land he proposes to purchase is suited to the type of farming he intends to follow. At present the agent through whom the purchaser secures his land is the representative of the seller. Either the agent should be a disinterested party or he should be the agent of the purchaser.

URGES SETTLERS' CAMPS.
"If immigrants come to California in large numbers some provision should be made by which they can be taken to segregated camps or sections in various parts of the state and there instructed as to American citizenship and as to the conditions and methods of California agriculture and other industries. One-tenth of the capital which a man has to invest could be wisely spent in securing through authoritative sources such information as may be directly pertinent to the enterprise in which he expects to engage.

"It would be desirable, furthermore, to arrange the transportation to the state on a basis that would permit the immigrant to go without extra fare to any portion of the state and thus prevent congestion at the port of entry.

"In the sale of small tracts to settlers subdividers have apparently deemed themselves shrewd while in fact it was this very circumstance that has prevented the settler in many cases from making a second payment. The success of American agriculture does not depend primarily upon the yield per acre, but upon the product per man. God pity us if the day ever comes when American agriculture must be organized on any other basis.

"Fourth, land should be sold only to persons whose experience and temperament qualify them to succeed and who have proper motive for wishing to settle in the open country. Every country, state or corporation which has tried to assist the settler, which has tried what has come to be called 'spoon feeding,' has found that many of the do-wells have been attracted thereby and has found it necessary for protection to practice 'hand picking.'

"Suffice it to say there is a great gap between a system which seeks to colonize only the fit and the system which tries to get a first payment out of every prospect by hypnotic influences. That gap must be closed or at least greatly narrowed.

"Not only should the prospective settler possess the requisite ability, but no man should be encouraged to purchase a piece of land unless he expects to build a successful home.

MAKE BOYS FARMERS.
"Fifth, some way must be found by which the young men of California may become farmers. Only twenty-two per cent of the graduates in agriculture at Berkeley last year had any prospect of inheriting a farm, and the money with which to buy one. The average farm in California represents an investment of more than \$16,000. The majority of boys either reared on a farm or in the city must push out from the home nest.

parallel between efficiency in real estate operations and in the European war. Then, going into the history of his realty deals, he referred to the Louisiana Purchase as the "greatest real estate deal ever made."

"Tom Jefferson drove the bargain," he declared, "and actually picked up fourteen new states at a price of 2½ cents per acre."

The practice of seeking "star" salesmen, he declared, is the wrong sort of salesmanship. Dealing with this feature, he said:

"In my opinion there are two kind of sales managers. The wrong sort of sales managers are on the constant lookout for so-called 'star' salesmen, the ready-made, experienced, competent men—whom some one else has trained.

"The wise sales manager trains his own men—he goes so far as to insist upon the substitution of exact methods for scattered efforts, and thus he secures the maximum of efficiency. He studies the problem of selling and the methods used to make the sale, attempting to eliminate the hit or miss methods and to apply science.

"Business is like ore; you have to dig for it, and it's up to the sales manager to furnish the training." "Edison, when asked 'Don't you believe that genius is inspiration?' replied, 'No, it's perspiration.'"

"If you take a live wire to your practice what you preach to your salesmen—are you all capable of picking up the musket after a salesman has been shot down?"

"Can you stand in the front line of battle and fight? Some prospects need dynamite—some dynamite which is it is they must be interested. Courage, enthusiasm and optimism are the essential qualities the salesmen need.

The salesman who loves his work and rejoices in his ability to convert

others to his way of thinking is the most independent man on earth.

"Do you ask them if they are getting the full value and true results from the time they put in? It is their capital, their stock in trade; it is the only kind of capital that costs them nothing to get and everything to lose. A successful salesman hoards his minutes and hours as a miser hoards his gold. The spendthrift of time is a sure candidate for failure."

"There is nothing greater that can be said of a man than this: 'He aimed high and did the very best that was in him.' Make every man on your force get a real object in life. Set a mark, increase your production, close the business today that talks 'next month,' make money while your competitors scatter. It isn't enough to be always doing something, get something done."

SERMON ON ACTION.
"Why did your man put you off?" "Because you were that doubtful expression. He could see it."

"He listened to what you said—but two minutes after you started his mind was wandering."

"When you came to put your finger on him at the end to get his name on the dotted line he was like the Dutchman's famous flea—he wasn't there."

"You had lost him, you failed to impress him. Why? Because you hadn't been impressed yourself. He knew it."

"He didn't feel any electric spark of enthusiasm jumping the space from your mind to his."

"It takes a live wire to magnetize him and you were trying to magnetize him with words of wood."

"Yes, your line of talk was smooth enough, but was conviction back of it? You failed to show belief, enthusiasm, force and warm human magnetism."

Real estate business will be suspended in San Jose tomorrow, every real estate man in the city is to journey to Oakland for the big Realty Federation Convention, according to word news received this morning by Dr. George S. Pitcock, secretary of the federation. The San Jose boosters will come on a special train, arriving in time for the excursion to the Exposition and the daisant to follow.

SAVE YOUR HAIR! IF FALLING OUT OR DANDRUFF--25 CENT DANDERINE

Ladies! Men! Here's the Quick-est, Surest Dandruff Cure Known.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching the scalp, which if not remedied, causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—anytime—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug-store or toilet concern, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of time, downy hair—new hair—growing all over the scalp.—Advt.

CATHOLIC SOCIETIES PLAN BENEFITS FOR HOME

Several societies of San Francisco have already arranged to attend the dinner in a body. A monster, rendezvous show will be given Friday evening, November 27, at Sacred Heart Auditorium. First and Grove streets, for the support of Oakland Council, Knights of Columbus. A first-class program has been arranged. Saturday afternoon and evening, No. 1000 Broadway, a dinner will be held at Sacred Heart Auditorium.

The following societies will have charge of this affair: The several branches of the Catholic Ladies Aid society, the Daughters of Isabella, the several councils of the Young Ladies' Society, the Women's Catholic Order of Foresters, the Children of Mary and the Women's Auxiliary of the Hibernians.

DOES RHEUMATISM BOTHER YOU?
The Doctors Say 'Use Musterole'

So many sufferers have found relief in MUSTEROLE that you ought to buy a small jar and try it. Just spread it on with the fingers. Rub it in. First you feel a gentle glow, then a delicious, cooling comfort. MUSTEROLE relieves the twinges, soothes stiffened joints and muscles.

MUSTEROLE is a clean, white ointment, made with oil of mustard. It penetrates to the seat of pain and drives it away, but does not blister the tenderest skin.

It takes the place of the mussy, old-fashioned mustard plaster.

MUSTEROLE is recommended for Bronchitis, Croup, Asthma, Pleurisy, Lumbago, Neuralgia, Sprains, Bruises, Sore Neck, Headache and Colds of the Chest (It often prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50.

Be sure you get the genuine MUSTEROLE. Reuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

Stock Brokers Face Charges in Court

SAN FRANCISCO, Nov. 20.—J. C. Wilson and B. A. Wilbrand, of the firm of J. C. Wilson Company, stockbrokers and bond investors, were instructed and arraigned on four charges of felony embezzlement before Police Judge Crist this morning and their cases were continued until November 30, at 2 o'clock for trial.

The prosecution has elected to try the accusation brought by A. E. Bussey, an investor from Redding.

Wilbrand surrendered himself last night after arranging bond and he and Wilson appeared together this morning.

Wilson is a well known local club man and recently petitions in involuntary bankruptcy were filed against them.

Is a Powerful Influence in Blood
Works With a Definite Purpose and Is a Known Antidote.

There are some things in medicine that are certain and definite. They do the work. S. S. S. is one of these reliable and is a known antidote for all blood troubles. More than that, it is harmless for it does not hurt the stomach, does not affect the bones and joints, nor does it alter the integrity of the nerves and spine. But it does sweep through the blood, a powerful, searching, cleansing influence, remarkable for results and a tremendous relief to those who suffer the humiliation of skin eruptions.

Nearly all sickness is due to sluggish blood. And if you let S. S. S. bathe your system with its wonderful influence your nervous troubles, your waxy, faded, listless, lifeless body will revive and come so renewed with the sense of enjoyable health you will scarcely know yourself. Try S. S. S. today. Get a bottle at any drug store. It will put you on your feet; keep you going all day and enable you to sleep sound and restful. S. S. S. is not a "dose," not a physic, but a fine, bracing, purifying medicine that is sure to do you a world of good. It is just what you need. S. S. S. is prepared by The Swift Specific Co., 60 Swift Ridge, Atlanta, Ga., and if you are troubled with any stubborn blood disease, try their medical department; will guide you safely to health. RELIEF WORKERS SCORE WHEELER

Act of University President Chief Topic of Manufacturers' Committee.

President Benjamin Ide Wheeler of the University of California was the principal topic of conversation last night at the meeting of the manufacturers' committee, which met to outline its plans for assisting the Belgian relief fund committee in its work. Wheeler's action in refusing the Greek theater for a Belgian benefit concert was commented on by several members of the organization. John Phillips charging that the college head's pro-German feeling was the cause of his action.

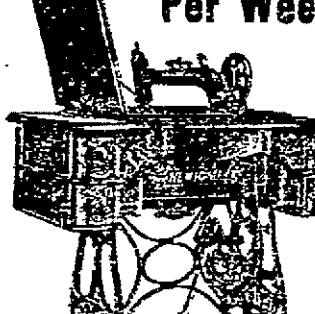

It was purely his pro-German sympathy that caused the president of the university to go out of his way to do this thing," said John W. Phillips of Oakland. "Considering that the United States did not consider it a violation of neutrality to send a ship to convey relief to the Belgians," declared A. Warneford, "the university president hasn't a leg to stand on."

"It is very unfortunate," said Superintendent Wm. Rutherford of the California Cotton Mills, "that the president took the stand he did. Many would have gone to the Greek theater and paid \$1 who would not otherwise contribute."

The speakers urged the manufacturers to contribute generously to the fund. T. Fallon of Berkeley announced that a mass meeting is to be held in Berkeley Monday night to raise funds for the Belgians. Cochran McClellan called attention to the fact that Belgium, with a contribution of \$250,000, was the first foreign nation to come to the aid of San Francisco in 1906.

Orpheum

Advice:

The many thousands of patrons and friends of the Oakland Orpheum are respectfully reminded that one of the greatest events in the history of the Orpheum is to occur next week.

Gertrude Hoffman

With Her Company of Fifty Artists in
GERTRUDE HOFFMAN'S
Gigantic Revue
Comes to the Oakland Orpheum Next Sunday

It is true that you could not, for love nor money, get a seat now at the San Francisco Orpheum to see Gertrude Hoffman's incomparably magnificent vaudeville act.

The moral is obvious.

The same thing will occur in Oakland.

It has occurred in absolutely every city on the Orpheum circuit.

Gertrude Hoffman will pack the Orpheum Theater to the doors at ever show next week.

Telephone today—NOW—for the seats you desire at the Orpheum. It will be too late next week. Phone now. Telephone Oakland 711.

LAKE SHOWN AS BIG PLAYGROUND

Gutleben's Report Tells of Progress in the Boating Department.

For many years Lake Merritt, the greatest of Oakland's playgrounds, was used by only a small portion of the population, and was hardly a factor in the life of the younger generation. Within a few months the lake was raised from the position of neglect to being the most popular amusement place in the city.

John S. Gutleben, manager of the municipal boat house, has been one of the large factors in bringing about the change. The management of the lake has been taken over by the city, and the public has responded readily. In October over 11,000 people took advantage of the boating facilities.

The boating is now under the management of the recreation department of the city, and about one-half of the boating is a free concession to the school children, playground clubs and to other organizations.

The following report indicates the use to which the lake has been put:

Attendance in October:
Persons out in rented boats 5,187
Persons out in rowing 2,723
U. C. boys, rowing 459
Persons out in privately-owned boats 1,523

Total 11,119

Of this number 5187 were paid for, 2797 permits for free boating to school children in form of rowing crews, 3123 in privately owned boats for the keep of which there is no charge.

More than half the boating on the lake was, therefore, such as which the facilities and labor were offered practically free.

To give an idea of the extensive interest in rowing, permit me briefly to present a few facts:

Organized crews scheduled:
—Grammar schools: Sequoia, Jefferson, Franklin, Lockwood, Intermediate, Emerson, Cole, Clawson, Melrose Heights, Lincoln and Poplar.

—High schools: Oakland, Berkeley, Fremont and Polytechnic High.

—U. C. girls, Mills College, Miss Horton's Girls' School, Kindergarten Training School.

—Y. M. C. A., Y. W. C. A., Spartan Club, Convent School.

—Playground crews: De Fremery, Greenwood, Bushrod, Women's Clubs, Alameda girls crew, McBrath's two young men's crews, Wileland's boys' crews.

Some of the schools have a number of crews. Oakland High school has 400 girls summed up, apportioned into twenty crews, giving each crew an opportunity to use a crew boat only once a month.

"ONE OF CHERRY'S \$15 COAT DRESSES! AND I'LL USE MY CREDIT"

"Instead of a suit, girls. It's the smartest style for street wear—of course you all know that—and the straight lines from the shoulder are specially becoming to girls."

"Some of Cherry's new coat dresses are trimmed with black satin and some with velvet, and the arm-holes and tunics are all bound with that fashionable braid that all the newest, most expensive dresses are showing."

"Barbara has one and she says it's perfect for comfort and ease. And with a cozy Halmecan coat when it gets cold and stormy—can you imagine greater comfort?"

"Cherry's have darling little silk frocks, too, girls; exquisitely designed in all the good shades and all sizes. I know I'll want one, and I can buy it, too, because I don't need to have all the money at first."

"Why, CHERRY'S is just full of stunning things to wear—the numbers are 523 13th St. for Men, and 515 13th St. for Women. The S. F. stores for men and women are at 1009 Market St. and 2400 Mission St. Open Saturday evenings."—Advt.

CALVE SERVING WITH RED CROSS IN FRANCE

NEW YORK, Nov. 20.—Emma Calve, the opera singer, is serving with the Red Cross in France and soothing the wounded with song. She made this known in a letter written to a friend in this city, it was learned yesterday.

"My sister-in-law and myself are both in the Red Cross, taking care of the wounded in the hospitals of Toulon," wrote Mme. Calve. "I sing to the wounded and tell them to sleep when they are getting better, and war songs for those who after the healing of their wounds are going back to defend poor France."

Mme. Calve wrote that she had given up a concert tour in California to perform some service for the Red Cross and her country.

ALLEGED CONFIDENCE OPERATORS IN COURT

SAN FRANCISCO, Nov. 20.—Sponsored by Frank Dacoux, well known gambler and man about town, Gus Melbourne, Frank Patterson and Bert Tichnor, alleged confidence operators, today appeared before Police Judge Crist charged with grand larceny. Dacoux bailed them all out last night, but he did not appear as a champion for the alleged leader of the gang, Arthur Noyes, booked for grand larceny and embezzlement, who was forced to remain in prison, but appeared with his associates for the hearing.

The case was put over until Monday. The four are charged with embezzling John Lyon, a Maine farmer, out of approximately \$12,000. Lyon purchased mining stock and played the races on information he claims to have been furnished by Noyes and the other members of the alleged ring.

OSTS TENANT; WOMAN HAS LANDLORD JAILED

David Miller, 307 Twenty-first street, asked Mrs. Lechore V. Ganes, who occupied apartment No. 9 in his home, to move, and when she refused to do so, he took advantage of her absence last evening and removed her furniture and other belongings to the street, according to her complaint to the police. An altercation occurred when Mrs. Ganes returned home, and when she was told that she would have to follow her cooking utensils and personal effects, Mrs. Ganes hastened to the police for redress.

Mrs. Ganes swore out a warrant for Miller's arrest on a charge of burglary for forcing his way into her apartments. Miller was arrested by Inspectors Flynn and Kyle, and placed in the city jail. The case will be thrashed out before Judge George Samuels.

OSBORNE WILL ACCEPT SING SING WARDENSHIP

NEW YORK, Nov. 20.—Thomas Mott Osborne, chairman of the commission on prison reform, has accepted the post of warden to Sing Sing prison. The announcement was made last night by the Prison Association of New York, which made public Osborne's letter of acceptance to John B. Riley, superintendent of prisons. Osborne, who is 65 years old and a man of wealth, became chairman of the commission of prison reform in 1913 and in the fall of that year attracted national attention by undergoing a week's voluntary imprisonment in Auburn prison to study conditions there.

TELLS EXPERIENCE AS CITY MANAGER

H. M. Waite Addresses National Municipal League on Government Plan.

BALTIMORE, Nov. 19.—The National Municipal League of Government in the light of Experience" was discussed by Henry M. Waite, city manager of Dayton, O., at today's session of the National Municipal League. He declared this new form of the government was a success, and in answer to his own question as to whether it would be a permanent success, he said:

"The permanency depends upon intelligent citizenship, and their continued determination to keep partisan politics out of municipal affairs."

The Dayton plan of the commission at large and non-partisan, had resulted in the election of sound business men, he said. They selected the manager, and the latter selected the directors of the departments—law, finance, welfare, service, safety.

SELECTED FOR ABILITY.
"I cannot tell you the political faith of the commissioners or the directors," he said. "They are selected for their ability."

"In our Finance Department," he continued, "our new accounting system is the same as would be found in any large business. Our budget is scientific. Every month the head of each department receives a complete financial statement which shows the original allowance, expenditures and balance in each account. We keep our expenditures inside our allowances."

"In August, we found that our estimated revenues were too high. With our system of accounting and budget, we were enabled in two days, to reduce expenditures \$15,000, and reorganize all work accordingly."

POLICE WOMEN AIDING.

He told how police women were aiding in the handling of women delinquents and domestic troubles; how the fire department was continually making house to house inspections to reduce the fire hazard; how duplication of effort had been saved by combining all philanthropic and city nursing into the Welfare Department; how citizens had "turned four hundred dirty spots into four hundred gardens"; and numerous other steps in city improvements.

"These new forms of municipal government have many ups and downs ahead of them," he said. "Our duty is to edu-

HALE'S ALTERATION SALE TOMORROW

Hale Bros. of this city announce a great Alteration Sale to begin in their popular big department store at Eleventh and Washington streets Saturday morning. From reports this event will be one of the greatest in Hale's history, offering reasonable merchandise in all departments.

The sale is occasioned by the fact that Hale's lease on their small corner building at Eleventh and Washington streets expires in a few weeks, and the owner has demanded the premises. This necessitates Hale's consolidating of departments in their main building, and a great upheaval of merchandise results. When the work of alteration and moving is completed, Hale's will offer the Oakland public a more compact store, with new stocks, strictly up to the minute in every section.

Because of lowered expenses, it is the intention of the store managers to offer dependable "good goods" at prices so low that a buying sensation will result from the day the new policy is instituted. In fact, the owners of the business will make Hale Bros. even more famous throughout all Alameda county for sensationally low prices on goods of dependable quality.

In tonight's TRIBUNE Hale's advertises some of the extraordinary bargains on sale Saturday. The quality and selling prices combine to assure a thronged store all day long.

It is generally agreed by doctors that the primary trouble with the health of women and young girls is that they are careless of the condition of the bowels. There is nothing so important in this regard as habit and system. The growing girl should be especially looked after. Girls and women of all ages will find that by regulating themselves they can avoid the free use of cosmetics and such things, and that obesity is reduced by bowel elimination and weight increased by proper assimilation.

The right laxative for women, as it is for children and old folks, who should not use harsh pills, salts and other strong cathartics, is that gentle and mild laxative, Dr. Caldwell's Syrup Pepsin. It acts on the principle that by gently regulating the bowels the digestive muscles will soon again be trained to do their work naturally and unaided. Thousands of families use it regularly, and it has been the standard in good American homes for two generations. Mrs. Ella Robinson of 508 Tremont st., San Francisco, writes: "I have used Dr. Caldwell's Syrup Pepsin for years. I use it myself and give it to my little girl, and believe she will not need the doctor so often now. Mrs. T. Blue of 442 College st., Cape Girardeau, Mo., makes Syrup Pepsin her family remedy and says she would not be without it for twice its price."

You will find Syrup Pepsin very effective as a remedy for constipation, dyspepsia, biliousness, belching, gas on the stomach, foul breath, headaches, bloating, etc. Druggists sell it at 50 cents and \$1.00 a bottle.

Coupon for FREE SAMPLE

Dr. Caldwell is glad to send anyone who has never tried his remedy a free sample bottle for personal investigation. Simply clip this coupon and include in an envelope with your name and address, or write your name and address plainly on a postcard and mail it to Dr. W. B. Caldwell, 67 Washington St., Monticello, Ill.

RECEIVE NO WORD ON TURK INCIDENT

WASHINGTON, Nov. 20.—No further report came to the state or navy department today on the firing of Turkish forts at Smyrna upon the launch of the American cruiser Tennessee.

Officials were awaiting dispatches from Ambassador Morgenthau or Captain Decker and meanwhile maintained their confident attitude that the incident would be explained satisfactorily by the Turkish government.

TURK AND MEXICAN.

BOSTON, Nov. 20.—Criticism of the administration's attitude in connection with the recent firing upon a boat from the cruiser Tennessee in Turkish waters, and with the Tampico incident in the Mexican troubles was made last night by United States Senator Henry Cabot Lodge. Speaking before the Middlesex Club, a Republican organization, the Senator said:

"The administration is content to have

it appear that the Tennessee was fired upon to give warning of mines, but you all know what happened at Tampico. Then within three days American sailors were in Mexican waters and shedding their blood. And now—now the incident of the salute seems to have been forgotten. And the flag was never saluted.

Progressives Meet in South for Banquet

LOS ANGELES, Nov. 20.—Governor Johnson, Attorney General Webb and Surveyor General W. S. Kingsbury came here today to attend the Progressive "radicalization banquet" tonight. About a thousand guests are expected to attend, made up of delegations from all southern counties, including assemblymen and senators-elect and one or two candidates for the speakership of the assembly.

House of Commons Votes Army Increase

LONDON, Nov. 20, 1:57 p. m.—The House of Commons today formally passed the vote for the supplementary army estimate, which provides for an additional army of 100,000 men.

Contest Election of Eden Justice of Peace

Attorney Frank Mitchell Jr., who was beaten by two votes at Justice D. U. Toffelmeier for the office of justice of the peace in Eden township, today filed a contest of the election, alleging as grounds in asking a recount of the ballots that the use of Toffelmeier was "read a." The contest is also directed against Charles Prosser, the other incumbent in the township. The race was a very close one for the three candidates. Prosser received 170 votes, Toffelmeier 172 votes and Mitchell 173 votes.

This is the first contest filed over the general election, although two others threaten. The Mitchell contest covers the precincts in San Leandro, Hayward, San Lorenzo, Hayward Park, Mt. Eden, Castro Valley and Alameda.

J. H. Helmstein, defeated candidate for supervisor in the Third district, has declared that he will contest the election of Supervisor Joseph M. Kelley. W. B. Bridge, defeated candidate for supervisor in the Second district, will probably contest the election of Charles E. Hoyer in the Second district.

"Flirt Proof" Jury of Divided Opinion

CHICAGO, Nov. 20.—"A flirt proof" jury which tried Louis J. Weigle on a charge of annoying Miss Mary McKimsey on a suburban train, disagreed and was discharged today. A new hearing was set for December 14. Unusual attention was called to the case because women's organizations insisted that Miss McKimsey prosecute Weigle, a wealthy stock broker, before he was permitted to sit on the jury, each prospective juror was required to swear that he had never flirted.

FINAL WORK OF BIG RELIEF PLAN RUSHED

Final work was outlined this morning at the meeting of the Belgian Relief Fund Committee at the Hotel Oakland for the wind-up of the campaign to aid suffering Belgium, the work to end, with the exception of minor details, within 24 hours. Descriptions, next Wednesday, when the relief ship Camino is to sail for the Panama Canal and Europe, loaded with the supplies of the state, the suffering of the war-torn Belgium. The committee members, including the school children of Oakland, the total being \$718.15. This afternoon the committee members worked selling tickets for the football game in Berkeley tomorrow, half of the proceeds of which are to go to the Belgium fund and half to the Red Cross. Six thousand dollars have been collected for the fund to date, according to today's report.

ELABORATE PROGRAM FOR OVER SEAS BAZAAR

Under the direction of Manager Chester of the Pollard Opera Company and of Patrick Hildegar, a fascinating program has been planned to entertain the Over-the-Sea Relief bazaar, in progress in the Blue room of the Hotel Oakland. The bazaar, which will continue from 2 to 5 o'clock tomorrow afternoon and evening and tomorrow afternoon and evening for the benefit of foreign sufferers, the small feet of miniature opera stars will perform through recitations, movements, and gifted professionals will sing and recite. One of the special features of the program will be a song of "Belgium" by Miss E. Seeger, sung by C. Patrick Hildegar, who was formerly principal tenor of the Pollard Opera Company in London. Other singers who have contributed their services to the good cause are Madame M. Furan, Miss Clementine, Mrs. Greenleaf, Mrs. Ivis and Miss Nellie. More than twenty of the very English Little Polars, including Freddy McNamee, Quessle Williams, Eva Pollard, Willie Pollard, Nellie McNamee, Freddie Hines and others, will perform an act called "At the Piano," which children especially are expected to enjoy. Mrs. Hildegar, Miss Emily Jones and Miss Thompson are in the cast with the juvenile instrumental numbers by the Misses Hayes and Walter, and Master Harry Gies. There will also be a song of "Belgium" by Misses Hildegar and Gies. Another musical number of a dramatic variety is called "The Piper and Dancer," and this is presented by Misses Hildegar and Gies. In addition, a group of talented children who will perform in various animated fancy dances are: Miss Nellie, Misses Hildegar and Gies, Miss Eleanor True and Miss and Master Brown.

WANTS TWO DOZEN BIG WHITE CATS FOR RANCH

M. C. Van Loben Seis, of 670 Spear street, this city, is in the market for an unusual purchase—that of twenty-four full-grown, active cats, a bonus being offered for white felines. When asked as to the unique offer, Van Loben Seis explained that he owns a large ranch in the Sacramento Valley. The large barn contains a huge quantity of hay, grain, beans and other produce, but the building is infested with rats and mice.

"As rats can see white cats at night, I figured that they would be of double value, for while the black cats can catch rats and rodents during the day, they can't scare them off at night; hence my reason for being in the market for white cats."

ALAMEDA ENTERTAINMENT. ALAMEDA, Nov. 20.—Miss Stella Imbrulla, assisted by her sisters, the Misses Cora and Ruth Ambrosia, entertained at their home last evening with a round of pleasures in the way of games, dancing and music, with a dainty refreshment taking part in the enjoyable affair were Miss Angela Franchi, Miss Florence Medina, Miss Irene Rambold, Miss Gertrude, Miss Margaret Parron, Miss Anna Magnolia and James Franchi, Melvin Anderson, Gilbert Frothing, Joseph Dixon, Henry Grubb, John Nash, Dave Lorenzana, Albert Imbrulla, Joseph Perry, Victor Suenen, Jules Ferrier and Lester Williams.

A Hint for Coming Maternity

In a little book designed for expectant mothers more complete instruction is given in the use of "Mother's Friend." This is an external embrocation applied to the abdominal muscles for the purpose of reducing the strain on ligaments, cords and tendons. It serves to ease the mind, indirectly has a most beneficial effect upon the nervous system and thousands of women have delighted to tell how they were free of nausea, had no morning sickness and went through the ordeal with most remarkable success. "Mother's Friend" has been growing in popular favor for more than forty years. In almost every community are grandmothers who used it themselves, their daughters have used it and they certainly recommend it with a blessing. It is used very successfully to prevent caking of breasts. "Mother's Friend" has been prepared in the laboratory of Bradley's Regulator, 201 Lamar bldg., Atlanta, Ga., for more than two generations and can be had of almost any druggist from coast to coast. Write to-day for the little book.

Arrest ex-Inmate of Good Templars' Home

VALLEJO, Nov. 20.—With the arrest of Harry Cook, a former inmate of the Good Templars' Home, in a construction camp near Bakersfield yesterday, District Attorney Raines has taken the first steps toward the prosecution of the man involved in the recent alleged scandal in the home. Cook was taken to the county jail at Fairfield today by one of Sheriff McDonald's deputies who brought him from Bakersfield. He will be charged with a statutory offense. Duteaux, the other man arrested in connection with the case, will be prosecuted for alleged contribution to the delinquency of a minor. The district attorney says that there will be no delay in bringing the defendants to trial. Cook's connection with the case grew out of his return to the home, where he formerly lived, in order to recover from a broken leg. He met the young girl who is complaining witness in the charges against him. She was an inmate of the home also.

TELEPHONE EXTENSION

SAN FRANCISCO, Nov. 20.—The Pacific Telephone and Telegraph Company applied to the Railroad Commission today for authority to install a telephone office and switchboard at San Bruno. This section has hitherto been covered from South San Francisco.

"RUBES" AT AFFAIR

ALAMEDA, Nov. 20.—The "Rubes" were there last night at the barn dance held by Halcon Parlor of the Native Sons in Native Sons' hall on Park street. It was one of the most successful affairs ever held by the parlor and the costumes were a caution. The invitations read, "Come in hayseed costume," and the sounds obeyed the instructions. L. C. Wichman was floor manager.

AFFAIR FOR BRIDE

ALAMEDA, Nov. 20.—The two given yesterday afternoon by the active members of the Alpha Omicron Psi society in compliance to Mrs. Eugene J. Wicks (Phyllis Maguire) took the form of a dinner shower, many pretty gifts being showered upon the bride. The afternoon was given to preparing the gifts, the fingers flying the needle, while the plans for the new household were discussed. A dainty repast concluded the afternoon, planned by the society sisters of the bride, who have been busy in gathering funds for their comfort of the little ones in the war-stricken land.

ALAMEDA PETS SHOW

ALAMEDA, Nov. 20.—The fourth annual show of the Children's Pet Society Association, opened this afternoon at the Haight School-rooms. About fifty variety of pets known to the little of this kind are on exhibition, and the many sounds and noises that arise from the enclosure is closely akin to the jungle.

Nation's Water Power Problem.

But for the war in Europe an international water power congress would have been held in Lyons, France, this year, attended by experts of many lands. Much light would have been shed on this important topic, and it is to be regretted that the strife prevented the assembling of these well informed men.

However, we are not to be entirely deprived of the information that would have been imparted. Addresses and papers prepared have been printed and are now being circulated. One of these by Rome G. Brown, of Minneapolis, is at hand and contains some very valuable statements. For example it is cited that the amount of water power commercially utilized in the United States is 5,000,000 kilowatts, while the amount of steam power in use is three times that amount. But there are approximately 15,000,000 kilowatts of water power available which would now be developed if obstructive legislation had not been enacted.

This obstructive legislation has been by some designated as "conservation." Conservation is all right in its way. It would be manifestly an error to permit all the sources of water power to pass into private hands and lie dormant until necessity for their use developed, but it is equally an error to deprive capital the right to develop such power when the needs of the people demand it. This thought is expressed by the author of the document in other words, although the effect is the same.

Continuing the writer says that conservation of water power as applied now has so retarded development in this country that seventy-five per cent of the energy available is unnecessarily running to waste.

Legislative obstacles are mainly national in character, as related a few days ago in THE TRIBUNE, congress having refused to turn over to the states the right to govern their own affairs with respect to the disposition or use of resources. Alabama has been denied the use of 300,000 kilowatts in power needed badly in development, Washington state has 600,000 going to waste, New York 250,000 and little Connecticut, one of the oldest in the Union, 50,000.

It is a remarkable fact that since 1907, when this "conservation" craze was at its height, there has been no water power development upon the navigable streams of the United States under any federal permit. This too, in face of the fact that the same period has marked a greater advance in the science of development, transmission and utilization of energy from water power than during all the years preceding.

This restrictive power lodged in congress which controls, that which is known as public domain has resulted in wasted opportunity, and the driving from our country of investment that should have been made. Some manufacturers have gone to Canada, some to Norway, some to other countries because of these conditions.

When it is considered that the total coal consumption of the United States is in excess of 500,000,000 tons annually and that at the present rate the anthracite supply will have been exhausted before the end of the present century, while bituminous supplies will be greatly depleted, it looks like folly to further restrict development of water power, which is so much cheaper than that produced by steam requiring enormous consumption of fuel.

It is high time this folly ceased and members of the national legislature will do well to abandon in part at least, that rule of conduct that makes for the annihilation of one industry, the coal industry, for the sake of appearing to conserve another, the water power industry.

Statistics issued by the government show the population of the United States at approximately 100,000,000, more than four times that of 1850. In the same period foreign commerce has grown from \$318,000,000 to \$4,259,000,000. National wealth has increased since 1870 from \$7,000,000,000 to \$140,000,000,000, money in circulation from \$279,000,000 to \$3,418,000,000 and the bank clearings of the country from \$52,000,000,000 in 1887, the earliest year figures are available, to \$174,000,000,000 in 1913. Your Uncle Sam seems to be making fair progress.

An Oakland clergyman will next Sunday relate how he would run a newspaper if he owned one. It is now up to the newspaper owners to tell how they would conduct a church if they were clergymen.

The United States Brewers' Association declares that under the law compelling payment of increased revenue taxes, the government gets three times as much profit out of a barrel of beer as the manufacturers. That is pretty close to public ownership.

Let Us Not Forget Our Own Poor!

California's warm hearted people are responding to the appeal for aid for the stricken Belgians with characteristic generosity, and from every part of the State carloads of provisions, fruits, clothing and other necessities are being forwarded for the relief of the suffering women and children and old men and women in the little kingdom so terribly devastated by war. This is commendable conduct. It is work of the sort that is twice blessed, as Portia related in the remarkable and stirring drama of Shylock, for "it blesses him who gives and him that receiveth."

But while we are sending of our plentitude to the unfortunate ones over the ocean, let us not forget that in our own communities there are many who also need aid; that there are hundreds in this smiling land of abundance who are in want; that there are widows and orphans, sick and infirm, aged and worn out, who are lacking the common necessities. The poor we have with us always and that which applies to California applies to other commonwealths as well. There has always been an element seemingly marked by misfortune as legitimate victims; there has always been an element lacking the ability to cope successfully with the difficulties of existence.

It is the duty of those who have escaped the conditions alluded to, either through the smiles of fortune, or by active work and calculative thrift, to aid the unhappy ones mentioned here by sharing their store of the essentials and comforts with those who lack them.

We are approaching a day of national thanksgiving, when the people of the land will express their gratitude for that which in the providence of Infinity has been awarded them, but it will not be a genuine observance of the day if one little child is hungry or one old man lacks that which will bring cheer to his heart, or one woman sits in tears beside a fireless hearth alone in her desolation.

So while we give freely of our substance to those across the sea let us not forget that at home there are needy ones also and reserve for them that portion which they are entitled to receive at our hands.

If Turkey continues firing on Yankee warships she may be served with cranberry sauce a la American.

Tires and automobile horns may be immune from foot and mouth disease, as suggested by the Portland Oregonian, but they do not furnish very good steaks.

In order to make life pleasant for visitors at its mineral springs resorts, the supervisors of Napa county have extended the time for "nightcaps" at two leading places from ten o'clock until midnight, which is an act of kindness those who insist on having a drink before retiring will no doubt appreciate. But in order to preserve the eternal fitness of things it looks as if some action should have been taken in favor of the fellow who wants his "eye-opener" before six in the morning.

Speaking of the official opening of the Panama canal next March: If the warships of Great Britain, France, Germany, Japan and Russia participate will Uncle Sam's navy be strong enough to keep the peace during the ceremony?

What's the Use; What's the Use?

Inspired by prospects for peace in Mexico, an optimist on THE TRIBUNE indited an article congratulating the people of the war torn republic on the presumed fact that Villa and Carranza had agreed and that the slaughter should cease. It was intended to use it yesterday. It was not so used nor will it be, for there is no peace in sight. Villa is on the war path and Obregon, Carranza's lieutenant, is more than willing to meet him, so the chances are the shooting will continue indefinitely.

None of the so-called leaders appear to possess the element of entire greatness necessary to the adjustment of difficulties such as have for four years prevailed south of the border. The final analysis seems to lie in the question: "What do I get out of this?" and when answer is made the "general" is dissatisfied, rushes back to his command, shouts "Libertad!" a time or two and the poor fools serving under him take the field and shoot at other poor fools serving under the other fellow.

When Madero took the field to oust Diaz there is little doubt that he was inspired by a genuine love of country—although there are men who have questioned that—and was actuated by a sincere desire to help his nation and his people. But since he was slain the strife seems to have degenerated into a struggle for power and pelf between a lot of so-called leaders who are no better than bandits and deserving of no greater consideration than is accorded such by civilized nations. Those persons do not want peace and there will be no peace so long as there are idiots enough to carry guns and march behind them. Let them fight. So far as efforts on the part of this government to bring about peace are concerned the game is not worth the candle.

Let us hope this new currency will be elastic enough to enable us to make one dollar do the work of two.

Speaking of income taxes, the British citizen knows how it works in war time with \$1,250,000,000 to raise for Kitchener's war chest.

VON HINDENBURG FEARS NOT RUSSIAN NUMBERS

BERLIN, via The Hague and London, Nov. 20.—"The Russians have numbers on their side, but numbers alone are not the decisive factor. In the present stage of the war less than ever before we are not afraid of Russian numerical superiority. At Tannenberg the Russians outnumbered us three to one, yet the result was a notable German victory."

"These are the views of General von Hindenburg facing the great Russian war machine, as expressed in conversation with the Berlin correspondent of the Neue Preussische Zeitung."

UNCLE SAM PAYS MEN TO MOVE OWN SUPPLIES

REDDING, Nov. 20.—The unique situation of Volney Fox and F. D. Harbert, who have the contract for carrying the mails between Redding and Weaverville, shipping feed needed for their horses along the route by parcel post, and getting paid for carrying it, while the government is losing \$100 per 100 pounds on parcel post mail, has just come to light. Fox and Harbert do not attempt to conceal the fact.

The parcel post rate from Redding to Weaverville is \$1.08 per 100 pounds. The contract calls for the payment of \$2.10 to the contractors. The freight rate from Redding to Weaverville is \$1.25. The Redding Feed Company now has an order to ship, by parcel post, 30,000 pounds of feed to the Northern Trinity Stage Company at Trinity Center.

WHOLE COURT VISITS BARN TO HUNT FOR RATS

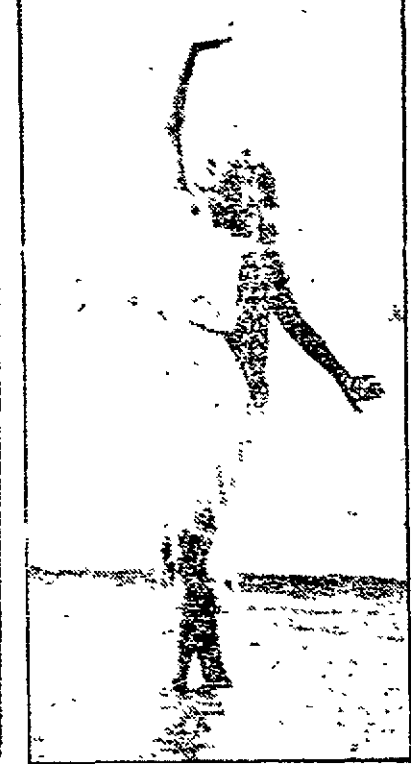

SAN FRANCISCO, Nov. 20.—Superior Judge Thomas Graham, his clerk, and officers of the court, visited a little barn on Brady street near Twelfth this morning, looking for rats. This somewhat peculiar quest on the part of a dignified tribunal was the result of a bit of litigation which had been brought to the attention of the jurist concerned, and there was much fun and joke-making on the trip. It all came as the result of a suit brought by Julia O'Hara, against James Smith to recover \$75. Smith bought \$300 worth of hay from Mrs. O'Hara and stored it in the Brady street stable. He paid the bill, all but 75, but said that rodents infested the hay and had eaten the \$75 worth. With telescopes and microscopes and common ordinary eyeglasses, solemn officials of the Superior Court of California, looked for rats in the dark recesses of the barn. Some of them wanted to find them and some of them didn't. Several of them looked carefully about to make sure that they didn't carry any away in their pockets or in the legs of their trousers. They searched in and around and behind and above the hay. Whether or not they found the rats is the deep dark secret which is to be sprung later in the regular courtroom on the fifth floor of the city hall.

WOMAN DIES FROM BLOW

ACORRA, Ill., Nov. 20.—Miss Jeanne Miller, struck down with an iron wrench and left unconscious in the yard of the Free Methodist church Wednesday night. She died today. She had not spoken since the attack. Miss Miller, 55 years old, was the daughter of a former mayor of the town and was considered wealthy. The police waver between a theory of robbery and a belief that a lunatic seized the woman and crushed her skull.

Orpheum Advice:

The many thousands of patrons and friends of the Oakland Orpheum are respectfully reminded that one of the greatest events in the history of the Orpheum is to occur next week.

Gertrude Hoffman With her Company of Fifty Artists, in Gertrude Hoffman's Gigantic Revue Comes to the Orpheum Next Sunday!

It is true that you could not, for love nor money, get a seat now at the San Francisco Orpheum to see Gertrude Hoffman's incomparably magnificent vaudeville act.

The moral is obvious. The same thing will occur in Oakland. It has occurred in absolutely every city.

Gertrude Hoffman will pack the Orpheum Theater to the doors at every show next week.

Telephone today—NOW—for the seats you desire at the Orpheum. It will be too late next week. Phone now. Telephone Oakland 711.

TWENTY YEARS AGO TODAY

A big surprise was tendered to Mrs. Frank Scanlon and daughter at 557 Seventh street. A pleasant time was passed until midnight, when a splendid feast was laid before the guests. Those present were as follows: Mr. and Mrs. F. J. Scanlon, Mr. and Mrs. J. Macbeth, Mr. and Mrs. J. Miller, J. Miller and Miss Reed, Mrs. Sampson, Mrs. Lida Trevelyan, Fattie Miller, Miss Julia Pierce, Miss Nellie Smith, Miss Nellie Jarvein, Miss Alice Jarvein, J. Montavon, F. Roach, George Menden, Frank Smith, Thomas Cook, Frank Tassier, Alex Goodwin, Tom Purcell, Archie Danifera. Trinity Episcopal church has at length succeeded in becoming an independent organization, relying solely upon its members for support. It has, heretofore, been only a mission, although it contains a number of de-out members who are well supplied with the things of this world. Some weeks ago fifteen of the members petitioned Bishop Nichols for permission to organize as an independent church. The petition was referred to the church committee of the diocese, and the prayer has just been granted. There will be a meeting of the petitioners for the purpose of electing a vestry, wardens and a rector. There is no doubt that Rev. Dr. Baker will be retained in the position of rector.

OUCH! BACKACHE: RUB LUMBAGO OR PAIN FROM BACK

Rub Stiffness Away With a Small Trial Bottle of Old "St. Jacob's Oil."

Ab! Pain is gone! Quickly? Yes. Almost instant relief from soreness, stiffness, lameness and pain follows a gentle rubbing with "St. Jacob's Oil." Rub this soothing, penetrating oil right on your painful back, and like magic, relief comes. "St. Jacob's Oil" is a harmless backache, lumbago and sciatica cure which never disappoints and doesn't burn the skin. Straighten up and complaining. Stop those tortuous "stitches." In a moment you will forget that you ever had a "weak back," because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of old, honest "St. Jacob's Oil" from your drug store now and get this lumbago cure.

PINK OYSTERS? WHY? SCIENTISTS TO ANSWER

WASHINGTON, Nov. 20.—Pink oysters are the latest freak of nature under investigation by experts of the Department of Agriculture. The rosy-hued bivalve comes from Long Island sound, looks like a regular oyster when gathered, but turns pink on the plate of the ultimate consumer. Frightened epicureans besieged the bureau of chemistry with inquiries, and a volunteer poison squad found the pink oyster not only harmless, but delicious. The chemists have a theory that the oysters are turned pink either by a yeast bacillus or some other micro-organism.

The corps of scientists which has decided such vexing questions as when is an egg an egg is expected to find a solution for the latest question.

COTTON COFFEE BAGS.

NEW ORLEANS, Nov. 20.—The National Coffee Roasters' Association ended its annual convention here yesterday. Felix Coste of St. Louis, in an address urged substitution of cotton for jute in the manufacture of coffee bags. Edwin K. Hurley, vice-president of the Illinois Manufacturers' Association, another speaker, asserted that under the currency act coffee dealers no longer would have to depend on European exchange to finance their trade with Brazil.

POLICE SEEKING HER PERSECUTORS

Oakland Department Concerned in Case of Mrs. Baldwin.

A red-headed, disfigured woman, who informed Mrs. Lillian Surver Baldwin that the workers of the Oakland mill pay the town in taxes, is being sought by the police today, following the sensational disclosures made yesterday when Mrs. Baldwin told of systematic persecution that has been carried on against her by unknown parties for months. The Oakland police were concerned in the case through the woman's statement that her persecutors are in an Oakland hospital following a severe fright from the mysterious threat of a skull with a threatening letter thrust into the eye sockets, was one of the methods used by the strangers to intimidate the woman, according to her story to the police. Last Monday the moustached stranger appeared at her front door, she declared, and, standing just inside, she threatened her with an automatic revolver.

The man informed her, she declares, that Stockton would be laid in ashes if necessary to prevent its becoming "open shop." He commanded her to bear the message, she says, to the Merchants' Association, of which she is the only woman member.

Mrs. Baldwin, who is the widow of the late Judge Frank T. Baldwin, former president of the Code Commission, declares that the unknown persecutors ring her up on the telephone to call her wife a "damn old woman" and annoy her. The police are making a strict investigation.

PRaises Wilson and FEDERAL RESERVE ACT

KANSAS CITY, Nov. 20.—Representative Carter Glass, chief speaker at the twentieth annual John Jay dinner of the Kansas City Commercial Club, last night explained the Federal reserve bank act and paid a tribute to President Wilson.

Glass, who has been described by the master as "one of the foremost of the Federal reserve bank system," said: "One man above all others deserves the thanks and confidence of the business men of America for this legislative miracle and that is the President of the United States."

Explaining the banking law, Glass declared that "panics are impossible under the new system and because of its business men may pursue prosperity without apprehension of fear."

SUPPORT CLARK.

WASHINGTON, Nov. 20.—Speaker Clark is beginning to receive pledges of support for re-election as presiding head of the House in the next Congress. Already 165 out of the 230 odd Democrats elected this month have assured him of their votes and his friends asserted today that his re-election was a foregone conclusion. Clark has been the unanimous nominee of the Democrats for the speakership of the Sixty-first, Sixty-second and Sixty-third Congresses and has been speaker since the Democrats gained control of the beginning of the Sixty-second Congress.

Why Suffer From Migraine or Sick Headache? USE ANTI-KAMNIA TABLETS

Dr. J. J. Caldwell says that this exceedingly distressing disease does not shorten life, but does appear to be curable. Sufferers from this affliction are condemned to undergo the periodical attacks every few weeks until they are forty years of age, after which the attacks are less frequent, and finally disappear entirely. Pathetic pictures during the attack are all that it is possible to suggest, while care in the diet is the best preventive measure. Anti-Kamnia Tablets may be prevented by taking two Anti-Kamnia Tablets when the first symptoms appear, and one Anti-Kamnia Tablet every two hours during the attack shortens it, eases the pain and brings rest and quiet. Anti-Kamnia Tablets may be obtained at all drug stores. Ask for A-K Tablets. They relieve all pains.

Decide That \$1200 Year Is Living Wage in New York City

NEW YORK, Nov. 20.—The Bureau of Standards of the Board of Estimate, which fixes all salaries in municipal departments, has decided that \$1200 a year is the living wage in New York City. In a report yesterday to the board of aldermen the bureau stated that the \$1200 a year salary is taken as the basis for what is termed higher and lower grades of work.

The report gives the results of work of nearly a year, and officially disapproves of quick action in salary raises. By establishing a system of regular periodic increases based upon length of service and efficiency records in the lower grades, and in the higher grades upon length of service and efficiency records it is estimated that a substantial equality in salaries will be brought about in a period of seven or eight years.

E. E. SCHMITZ TO SEEK MAYORALTY

Former Executive of S. F. Would Take Stump and Explain Graft Case.

SAN FRANCISCO, Nov. 20.—Former Mayor Eugene E. Schmitz, thirteenth chief executive of San Francisco, is again to seek mayoralty honors next year, according to a positive declaration made by his brother Herbert Schmitz, who gives it as his earnest belief that a triumph at the polls will result. Several days ago doggers were circulating about the city, bearing the headlines, "Schmitz for Mayor."

It was believed then that some enthusiastic supporter of the former city executive had decided to do some electioneering on his own account and without definite authority. However, a number of Schmitz's friends gave expression to the belief that the former mayor really contemplates placing himself before the voters and asking their approval of his candidacy. According to Herbert Schmitz, the former mayor desires re-election. Schmitz was ousted from his seat during the so-called graft prosecution after he had been convicted of agreeing to receive a bribe. The District Court of Appeals set the verdict aside and Schmitz was released.

"My brother wants to get on the stump and tell the people the truth about the graft case against him," explained Herbert Schmitz. "No one has ever traced a dollar against him. He is an innocent man suffering under a great burden and was the victim of a political conspiracy. He will make a whirlwind campaign as he is in fine physical shape."

It is understood that Schmitz contemplates placing all the blame for the alleged graft in San Francisco on the shoulders of Abraham Ruef who was his personal and official attorney while he was in office.

STATE ALIEN LABOR LAW TO BE TESTED

NEW YORK, Nov. 20.—A case against the Dock Contracting Company, which comes before the public service commission today, was expected to form the basis for testing the state alien labor law to the courts to test its constitutionality. The commission will take up a pending complaint that this corporation employed aliens on their city contract between September 1 and October 15. On the latter day they discharged all aliens and have since been unable to find citizens to take the place of the aliens.

PUBLIC LABOR BUREAUS.

EDITOR TRIBUNE, Dear Sir: Whenever there is a stress in any part of our social machinery, we always have various well-meaning attempts to solve the trouble. It usually happens that the man on the job is not fitted to deal with the particular problem in hand and of itself the trouble is not solved. It is the responsibility of existing conditions. He attempts to substitute political expedients and good will for skillful handling.

There are two objections to the plan that must occur to every one who reads of the problem. In the first place, suppose a locality, say Fresno, under the plan of the public labor bureau, had to go through the past office that the man on the job is not fitted to deal with the particular problem in hand and of itself the trouble is not solved. It is the responsibility of existing conditions. He attempts to substitute political expedients and good will for skillful handling.

There is a question of labor troubles. The government post notices for laborers wanted to break strikes. When the postmaster is asked to send out a call for workers, he always adds that there is a strike at that point. Suppose he is not told that such is the case, will there be a strike attached for an employer neglecting to inform him? It would seem that a matter as important as the attempt to revolutionize the law of labor should be a matter of legislative enactment rather than a case of being left to the whim of a minor executive. The reality of legal rather than social and economic training. Respectfully, J. S. GOODRICH.

NOTHING BETTER FOR WEAK WOMEN

"I Never Spent Any Money That Did Me So Much Good as That I Spent for Vinol."

BELLEFONTAINE, Ohio.—"I wish every tired, weak, nervous woman could have Vinol for I never spent any money in my life that did me so much good as that I spent for Vinol. My nerves were in a very bad condition, making me very weak, tired, and worn out and often drowsy headaches. I had tried cod liver oil, doctor's medicines, and other preparations without benefit.

"One day a friend asked me to try Vinol. I did and soon my appetite increased. I slept better and now I am strong, vigorous and well and can do my household work with pleasure."

Oh! Nervous, weak, tired, worn-out women should take Mrs. Lamson's advice and try Vinol for there are literally thousands of men and women who were formerly run-down, weak, nervous, and over their good health to Vinol.

It is the medicinal tissue building elements of the cod's livers, aided by the blood making, strengthening influences of tonic iron, contained in Vinol, which makes it so efficient in all such cases.

The Owl Drug Co., Oakland, Cal. NOTE.—You can get Vinol at the leading drug store in every town where this paper circulates.

"My Dear Sir:—For two years I was afflicted with hemorrhages of the lungs, and later I was taken with a severe attack of pneumonia. When I recovered sufficiently to walk, I had a cough, which no medicine I had taken could alleviate. It was at this time, March, 1912, that I started taking Eckman's Alternative. In a short time my cough was gone and I was pronounced well. I cannot speak too highly for the good it has done."

GUARD CONTRACTOR AT TRIAL

DETECTIVES PROTECT GRAY

Rumor of Trouble at Inquest Causes Police Precaution.

BULLETIN.
SAN FRANCISCO, Nov. 20.—Joseph Looco murdered George Gray under circumstances of extreme provocation, according to a verdict rendered by the coroner's jury today. The jury scored the prevalence of withholding payment due the laboring classes and urged legislation to remedy the evil.

SAN FRANCISCO, Nov. 20.—A rumor received by Captain of Detectives Patrick Shea that there was a possibility of trouble at the coroner's inquest, and that ex-laborers might attempt violence toward Harry Gray, brother of the dead man, led to the detaining of half a dozen detectives and three uniformed officers at the inquest. Detectives Goghan, Heern, Jackson, Arey, Kracke, Richards and Gallagher were on hand and the crowd was kept under careful surveillance.

"We want to protect everybody and take no chances," was all Captain Shea would say, but several of the sleuths admitted that rumors of possible violence had reached headquarters.

The evils of the pay-check system formed one of the chief features of the investigation, and a remarkable situation was testified to by Foreman Peter Carney, who explained that while Gray brothers commonly paid their men on the 20th, it was the 20th of every alternate month.

MISSING PAY DAY.
"Looco worked for ten days. He was entitled to pay on the 20th of the month like the other laborers. He came for his money on the 20th and explained that he had missed the pay day. He wouldn't have been entitled to his money had he come on (Continued on Page 15, Col. 3)

STORM LASHES COAST SHIPPING IS HARD HIT

BOSTON, Nov. 20.—The first severe storm of the season to reach the New England coast lashed itself to pieces off shore during the night and by sunrise apparently had blown itself out. Shipping suffered considerably and much damage along shore was caused by high tides. The storm was not so severe inland, although New Hampshire and Maine were swept by a miniature blizzard.

At Eastport, Me., the wind blew a mile a minute for more than an hour, and at Cape Cod, Block Island and Nantucket velocities of more than fifty miles an hour were recorded.

The first shipping accident report came from Provincetown, Mass., where four fishing schooners were driven ashore, but only one was damaged.

PIONEER JOURNALIST AND OFFICIAL PASSES AWAY

William S. Harlow, one of the pioneer newspapermen of the State, and for many years under-sheriff of Alameda county, died at an early hour this morning at the home of his sister, Mrs. Alice A. Stomba, 1133 Adeline street. He had not been in the best of health for several months and had been confined to the house for six weeks. The end came peacefully between 1 and 2 o'clock in the morning, his sister and nephew, William H. Stomba, being at the bedside.

Decedent was 75 years of age, and came to this country in 1853 from his birthplace in Nantucket Island, Mass. His early days were spent at Troy in that State and he received his early education at Greenfield Academy, near Albany. He was descended from old Pilgrim stock, his father and mother coming of well-known New England families.

On coming to California Harlow tried his luck at gold mining in Butte county. Although he might have made a success of his mining venture, his natural taste for newspaper work brought him into

LOVE, POETRY FIVE FOREST SCORNBED BY DIVINE FIRES RAGE IN SOUTH

Mrs. B. J. Davis Says Husband Had Pulpit and Home Demeanor.

The love of God that bade us till in barren and in stony ground, Taught us to plant a garden where No water springs, nor streams abound;

Spare not the cruel pruning knife, But cut away the clinging vine, Knowing that fewest grapes are found Where many leaves and tendrils twine.

Through longest days and briefest years, Blessing or wrestling, balm or rod, Sunshine or smiles, or rain of God.

The poem which was written by Mrs. B. J. Davis and which she declares was inspired by her love for her husband, who is now suing her for divorce.

Counter charges that he was a fearless Christian in church and a man very different in his home were made by Mrs. Helen P. Davis in answer to the divorce suit filed in San Bernardino by Rev. Benjamin J. Davis, for ten years rector of the Trinity Episcopal church of Santa Barbara and one of the wealthiest and most widely known clergymen in California. Rev. Davis, in the divorce papers, had charged his young wife with mental and physical cruelty.

SPOKELESS IN PULPIT.
"You cannot understand what I have suffered," said Mrs. Davis at San Bernardino, where both parties to the suit have been living. "To have a husband who was spotless in his pulpit and then entirely different in his home."

"If there ever was an unmet pair I guess that is my husband and myself. I have been a true woman—I can't tell you all—I have loved him devotedly and have been so proud of him for his work in the church. I thought that we would just keep on living in our unhappy way—forever."

Mrs. Davis denied that she had pulled her husband's ears, as he charged, and stated that she had never expected him to apply for a divorce. The couple were married in February, 1913, and in June of that year Dr. Davis gave up his work as

Flames Wipe Out Vast Area of Timber Land; Cattle Perish.

LOS ANGELES, Nov. 20.—Five forest fires, which seemed to have started simultaneously in the wooded areas of San Bernardino, Santa Barbara, Orange and Los Angeles counties, still resisted today the efforts of hundreds of men to curb them. In the Santa Ana mountains the fire line stretched 20 miles today. Hundreds of cattle pastured on the foothills and grazing ranges are believed to have perished.

300 MEN FIGHT FIRE.
SAN BERNARDINO, Nov. 20.—Four forest fires are sweeping along the Cajon and Lytle Creek watersheds northeast of here, near Chino on the west and through the Ferris valley to the south. Smoke hangs heavy in the valleys for a distance of 50 miles.

Three hundred men under Forest Supervisor R. H. Charlton are fighting the most serious outbreak at Cajon Pass. Additional men are on the way in automobile trucks from here and more are being sent by the Santa Fe Railroad, whose trucks are threatened.

Provisions and camp equipment are being sent to the fighting line in preparation for a long siege.

The fire in the north in the Cajon Pass region originally extended to Victorville, but at that point it is under control. The main fire, however, is burning along the watershed, the source of the San Bernardino valley water supply.

In Ferris valley a warehouse and fields in the sweep of the fire have been burned. The flames show brightly in the sky 20 miles away.

POETRY OF LOVE.

After their marriage, bound up in the career of her husband in the pulpit, where he had become locally noted, Mrs. Davis, a writer of some reputation, wrote in verse the feeling of love that her husband's preaching is said to have inspired in her.

When asked whether she believed that there was another woman in the case Mrs. Davis said:

"I don't want to say now. I do know that he would be awfully nice to other women."

Phelps, Green, Winston and Wharton, attorneys in the O. T. Johnson building, Los Angeles, represent Rev. Davis.

Posse Kills Two Supposed Robbers

EVENING SHADE, Ark., Nov. 20.—A dining-room in a little hotel at Center, a hamlet ten miles northeast of here, became a shambles last night when a posse overtook two men, supposed to be safe blowers. Two men are dead, one probably will die and two others were wounded. One of the supposed bank robbers was killed. The other, wounded, escaped on a stolen horse. R. M. Arnold, supervisor in law, William Jackson, a merchant of Ash Flat, is believed to be dying with a bullet in his head, and J. N. Hagrove, proprietor of the hotel, is wounded.

DISTRICT ATTORNEY MAY INVESTIGATE CHARGES

SAN FRANCISCO, Nov. 20.—Superior Judges Frank Dunne and William P. Lawlor placed themselves on record this morning, and the former declared that in several instances the recall was being made a farce in connection with the activity of certain politicians who are circulating petitions about the city. The particular individual in this instance was J. P. Bobo, well known about town, who has been obtaining signatures for a recall petition against Sheriff Fred Eggers.

Responding to a citation, Bobo appeared before Judge Dunne, the jurist having heard that he had made the statement that jurists serving in Department Six had been subjected to influence by the sheriff. Bobo denied that he had made any statement regarding Judge Dunne's court, but admitted having said something about Judge Lawlor's court. It is likely that the district attorney will investigate.

MORSE HELD TO ANSWER ON GIRL'S COMPLAINT

SAN FRANCISCO, Nov. 20.—"Dr." Charles S. Morse was held to answer to the superior court by Police Judge Crist this afternoon on a charge of performing an unlawful operation on complaint of Ida May Niles, 15-year-old daughter of Herbert W. Niles of Los Angeles, who killed himself Tuesday. The charge against Mrs. Florence Widup held as an accomplice of the doctor, was dismissed at the request of the district attorney, and she testified, corroborating the Niles girl's story of the operation. Lewis had placed Mrs. Niles in Mrs. Widup's home. It was on whom the girl charged with responsibility of her condition and with attacking other girl inmates of Children's Home Aid Society of Los Angeles of which he was superintendent.

FIRST FLOUR CARGO IN YEARS IN OAKLAND

The first cargo of flour to arrive in Oakland for some time was unloaded today at the Alameda wharf where the steamer "Albatross" arrived from the east. The cargo will be distributed in the east bay region. The flour is being shipped to the city by the Alameda wharf.

FIRE DESTROYS COTTAGE

A small cottage owned by Joseph Reposa, at the corner of Fifty-second avenue and East Tenth street, was destroyed by fire last night. The fire was caused by a defective stove and started in the roof of the kitchen. The loss amounted to about \$400, not covered by insurance.

DYING PRISONER PARDONED.
SACRAMENTO, Nov. 20.—Wendell
D. Smith, a San Quentin prisoner dy-
ing from tuberculosis, was pardoned
yesterday by Governor H. W. Johnson
that he might spend his last days in
freedom. This action was taken on
the recommendation of Warden
James A. Johnston and the physician
of San Quentin prison. Smith was
sent to San Quentin from San Fran-
cisco March 13, 1912, to serve a
three-year sentence for passing
worthless checks.

CHILDREN'S HOME TO BE REFORMED

Ida Niles' Case Prompts Many
Sweeping Changes in Man-
agement by Directors.

LOS ANGELES, Nov. 20.—Sweeping
changes in the management of the Chil-
dren's Home Society are being
made by the directors as the result of
the charges brought by 15-year-old Ida
Niles against the superintendent, Her-
bert W. Lewis, and which resulted in
Lewis' suicide.

Hereafter the home, whose doors have
always been open to all the homeless
youth of the city, will be closed to ad-
mits more than 10 years of age. Boys
more than 10 years old will be barred.
A directors' meeting will be called
within the next few days to consider
changes in the present system of plac-
ing both men and women in the home
as superintendents.

At present, until some system which
will provide protection for the superin-
tendents against the possibility of such
charges as those made by Ida Niles is
secured, Julius A. Brown, president of
the home, will assume personal manage-
ment of it.

It is possible that at the next direc-
tors' meeting men superintendents will
be abolished from the home, although
that is as yet an undecided point.
The radical change in bringing inmates
of the home to 10 and 15 years of age
was adopted by the executive committee
immediately following the charges of Ida
Niles against Mr. Lewis, and was official-
ly announced by Mr. Brown.

VARIOUS BURGLARIES REPORTED TO POLICE

Enrique M. Lopez of 500 Allee street,
reported to the police that his room was
entered during the night by a burglar,
who stole a suitcase, clothing, jewelry
and some money. The total loss amount-
ed to about \$75.

Christensen Bros., contractors for the
cement work on the Municipal Auditori-
um, reported to the police that a thief
stole 2000 empty sacks from the store-
house of the auditorium. The sacks
were valued at \$40.

William Davidson, 1838 Chestnut street,
was late for work this morning. During
the night a burglar reached in through
a window into his bedroom and stole his
alarm clock, valued at \$1. Davidson re-
ported the matter to the police.

NAMES PUZZLE TO HAYWARD POSTMAN

Brothers of the Same Name
and Other Duplicates
Baffle.

HAYWARD, Nov. 20.—Two brothers
who carry the same surname, two daugh-
ters who go under a different name, and
that of their parents, and a man who is
known by the name of his employer, are
among the oddities in nomenclature re-
vealed by the roll of the names of resi-
dents in this city.
The distinction between the brothers is
that one is known as John and the other
as Jack. Why they should have the same
first name is a puzzle. The brothers them-
selves can't say. Free mail delivery is
sent to this city where so many people have the
same name. It has been difficult to
carry on a system of delivering mail
houses had not been adopted. The num-
ber of people who go by the name of S. J.
and Steve is one and in San Leandro, it
is stated, would baffle any mailman in
delivering letters.

With the introduction of the "pusher" system,
the delivery has been simplified.

PLAY RETURN GAME

HAYWARD, Nov. 20.—Old Orchard
Camp, Woodmen of the World, of San
Leandro, will play a return Italian base-
ball game with Cypress Camp of this city
in the Woodmen Hall here, Tuesday even-
ing. George Oakes Jr. will captain the
Hayward team and Sera de Brum the
San Leandro players. Cypress Camp
Woodmen won the first game between the
two camps at San Leandro.

WATER HEARING DEFERRED.

HAYWARD, Nov. 20.—Hearing in the
San Leandro Water Company case be-
fore the railroad commission has been
postponed until November 27. County
Recorder Loveland was to have conducted
the hearing on November 16 in Hayward,
but it was decided to delay the case.
Representatives of the Hayward com-
munity will probably lay a complaint be-
fore the commission at the hearing in
regard to the water supply.

OPERA TITLES SUCCESS.

MELROSE, Nov. 20.—The Girls' Glee
Club of the Fremont High School, which
scored a success in the presentation of
an opera, "The Feast of Lanterns," is
preparing to take a lead in entertaining
in Melrose this winter. An informal con-
cert followed the opera, the school's sym-
posium being used for the purpose.

EQUAL LICENSE BASIS PLANNED

San Leandro Merchants and
Officials Project New
Ordinance.

SAN LEANDRO, Nov. 20.—A system of
equitable business licensing in town will
take the place of the somewhat com-
plicated and unequal method at present em-
ployed, as the result of a conference be-
tween the town trustees and the members
of the San Leandro Merchants' Associa-
tion last night. A committee of the
Merchants' Association will make recom-
mendations as to the best way to go
about the revision of the present local
business and an ordinance putting the
recommendations into effect will be
drawn up by the board of trustees.
Under existing conditions the licenses
of merchants are not a fair thing with
a number of merchants have to pay more
than others.
This Merchants' Association considered
unfair and a conference was ar-
ranged with the town board to adjust the
scale of licenses on a more equal basis.

TO PLANT FLOWERS, WOMEN'S PROJECT

Beautification Campaign Is
Started in San
Leandro.

SAN LEANDRO, Nov. 20.—Thousands
of pink and white geraniums and other
flowers are needed to carry out a scheme
of city beautification which the broad-
moor Mothers' Club has taken up. Plans
are being prepared by the club for beau-
tifying the streets in the annex district,
and the co-operation of the residents in
the neighborhood is being urged. Flowers
will be planted along the sidewalks and
everything possible will be done to en-
hance the appearance of the neighbor-
hood. Mrs. P. B. Gagner, president of
the Mothers' Club, has taken charge of
the collecting of plants for this purpose,
and the other clubwomen are entering en-
thusiastically into the work of beau-
tifying the city.
A committee has been appointed by
the club to arrange for the distribution
of Thanksgiving baskets to needy fam-
ilies.

RUNAWAY HORSE IS STOPPED BY AUTOMOBILE

HAYWARD, Nov. 20.—If there had
been war in Hayward, Secretary J. E.
McDonnell, surprise agent of the
probable have received a cross, iron
or otherwise, for bravery in plucking attempt-
ing to stop a runaway horse on B street
yesterday afternoon. The horse, started
from the chamber of commerce headquar-
ters when he saw the runaway bolt down
the street, and getting in front of the
horse, tried the customary expedient of
arm-waving. But the horse refused to
answer the stop-signal and the secretary
just managed to get out of the way. An
automobile took up the chase started
runaway, which was caught on B street
between the Western Pacific and Southern
Pacific tracks. The horse was startled by
an auto truck and broke from its hitch-
ing post.

der. The injury was treated by Dr. P. L.
Herrick.

FARM CENTER TO MEET.

CENTREVILLE, Nov. 20.—Centerville
Center of the Alameda County Farm Bu-
reau will meet here this evening. Farm
Adviser W. H. Nixon has been here dis-
cussing the day advising local farmers and
will discuss topics of agricultural interest
at the meeting.

ADMITS SLAYING GIRL.

PORTLAND, Nov. 20.—Fred
Trautman, the youthful slayer of Miss
Emma Ulrich, whom he waylaid and
killed near her home here last Mon-
day because she had rejected his at-
tentions, has been captured near
Kelso, Wash., by Sheriff Edward
Clase, of Corvallis county. Trautman
was cold and hungry, having been
out of doors and without food since
Monday, he said. He readily con-
fessed his guilt and declared he had
no regrets.

Everybody Needs Pure, Rich Blood

Pure blood enables the stomach,
liver and other digestive organs to do
their work properly. Without it they
are sluggish, there is loss of appetite,
sometimes faintness, a deranged state
of the intestines, and, in general, all
the symptoms of dyspepsia.
Pure blood is required by every
organ of the body for the proper
performance of its functions.
Hood's Sarsaparilla makes pure
blood, and this is why it is so suc-
cessful in the treatment of so many
diseases and ailments. It acts directly
on the blood, ridding it of scrofulous
and other humors. It is a peculiar
combination of blood-purifying, nerve-
toning, strength-giving substances.

POLICE PROTECT GRAY AT INQUEST

Violence of Aggrieved Workmen Toward Contractor Is Feared.

(Continued From Page 13)

the 20th, because that wasn't the money we were paying. We only pay every other month." "Should he have gotten his money in any other way?" asked Coroner Leland. "Well, those men get a brass check which some of the merchants will accept," he replied. "When Leland went to work did you tell him when he would be paid?" "I said on the 20th." "Did he know what month?" "Oh, he knew that. They are all Italians and they understand it and they talk it over together."

ASKED QUIETLY FOR PAY. Among the witnesses who told of the actual shooting and the arrest of Leland were Frank de Martini, W. H. de Martini, and Detective Sergeant Gallagher. Frank de Martini gave an instance of the quiet manner in which Leland approached Gray prior to the shooting.

"I heard him say, 'What chance have I to get my money today?'" he testified. "Leland was talking about the fact that Leland had observed Cursey feeding the chickens and asked him whose chickens they were just as they came up."

"I thought he might be intending to steal one," said Cursey, "but when he saw Mr. Gray he turned away."

GUARDED BY DETECTIVES. With James Gallagher standing between two detectives, and with Harry Gray, brother of George Gray, whom he knew when unable to collect his pay, and "Father August" for Gray Brothers, as attentive and vitally interested spectators, the inquest in the case of George Gray, contractor and quartermaster, was held before Coroner T. W. Leland this morning.

Attorneys Thomas W. O'Connor and Nat Coghlan, who volunteered their services to defend the man who slew his employer because he was unable to collect \$17 to buy bread for his starving family, watched every move of the inquest. The story of how Leland, nearly furnished with dinner and with his two babies had had no breakfast, went to Gray Brothers' quarry, pleaded that he was hungry, had been there for over a month, followed Gray a block and shot and killed him, was rehearsed by a half dozen witnesses.

At the outset Attorney O'Connor announced that neither Leland or the latter's wife would be called as witnesses, it being the theory of the defense that it would be better to let the jury hear the story until the trial of the case, either in the police court or the superior court.

The coroner's jury, investigating the Gray Brothers' killing, consisted of John Kitchen, Kitchen & Son, Oakland; J. Brown, National Mill and Lumber Company, Oakland; A. Angelo, of Angelo & Son, Alameda;

S. F. Blackmon, Auld Blackmon, 740 Sixth avenue, San Francisco; C. F. Jenne, J. W. Schouten & Co., 1270 Third avenue; W. Sturtevant Pumps and Mfg. Co., 508 Larkin street; M. H. Bray, Gray & Suratto, 1215 Fifth avenue; C. S. Preble, California Mill Company, 648 Bryant street; J. E. Kerk, Fair Manufacturing Co., 67 Bryant street;

V. Jett, Moreland Motor Truck Company, 834 Broadway street; Oscar Brown, Union Lithograph Co., 462 Castro street.

COMPLAINTS OF NON-PAY. Assistant District Attorney Louis Ferreri was called as a witness in connection with the alleged refusal of Gray Brothers to pay Leland.

"I should say that within the last six months I have received 20 complaints," declared Ferreri. "The Italian consul frequently sent them to me. The usual amount involved is \$15. They do not have pay checks, but they have foreman's certificates showing the time they have put in. In every case I would either write or telephone to Gray Brothers. When I telephoned I do not know which Mr. Gray I talked to. He would always say that money was tight and they were having difficulty in making collections. In nearly every case I replied, 'Well, if you don't say this man you will have to come to court about it,' and he would respond, 'Send him around next pay day and we will see what we can do for him.'"

"You know, do you not, that an ordinance from the supervisors makes ordinary pay checks payable in 30 days?" "Yes, that was not my check," asked Attorney Thomas O'Connor.

SUPERVISORS PASS LAW. Following the murder of Caroline Brasch in 1908 by James Edward Cunningham, Coroner Leland conducted an investigation, which showed that Cunningham held a pay check he could not collect. It was then that the supervisors passed the ordinance referred to.

Miss C. R. Cassigoli, an attaché of the office of the Italian consul, described her battle with Gray Brothers in an effort to collect Leland's money.

COULDN'T GET MONEY. "Leland came to me and told me first that he would get money, but he didn't place him, but had some difficulty. Later he came back, said he had work, but couldn't get his money. He told me he had been working for Gray Brothers. I knew the case was hopeless, because we had lots of them, but he needed money to pay his rent and buy food, and so I went to Gray Brothers' office. I saw the young woman and pleaded with her, but she couldn't do anything for me, she said."

"I then sent my son in to Mr. Gray. She came back and said that Mr. Gray couldn't do anything in the matter at all, and the man would have to go until next pay day. I was obliged to go to the office. Leland kept coming. He wanted to open a bottle of beer. He said if he could not work he would force his troubles with Gray. We tried to help him, but he couldn't seem to get anything to do."

MAKES ANOTHER ATTEMPT. "Finally I thought I would have to go to Gray Brothers and say that I didn't want to go because I knew I would have another fight. Then I read in the paper that Gray Brothers had failed. I knew it was no use. I went to the labor commissioner. I had Leland's brass check with me and showed it to him. He said, 'We have 500 cases like that. You can't do anything.'"

Deputy Labor Commissioner John Keen declared that there had been trouble with Gray Brothers ever since he had been in the office. He said it was difficult to do anything with them, and that he had been away because of the manifold court delays.

Robert Connel, of 1159 Kearny street, detailed paying the wages of the shooting in a bureau. He said he saw Gray make a move toward his pocket before Leland shot him.

Detective Sergeant James Gallagher read Leland's entire statement, in which he told of his starving family and his efforts to get his money from the Grays. The jury then retired to deliberate.

ASK RATE INCREASE. TOPERA, Kan., Nov. 20.—Applications of all railroad companies for business in Kansas were filed with the Interstate Commerce Commission asking the restoration of the three-cent passenger rate in effect before the 1907 agreement when the railroads granted a two-cent rate pending final decision in the Nebraska rate case. It is asserted by the railroads that the operating expenses of the roads have increased greatly since the two-cent passenger rate was agreed upon, and that it is impossible to maintain first-class service and show a balance on the dividend side of the ledger.

TO OPPOSE CALL FOR BOND ELECTION

Council of Women Resolve to Co-operate With United Improvement Club.

After a vigorous discussion by Mrs. Elizabeth Russell and Mr. Carl Walker, the Council of Women, East of Lake Merritt resolved at a meeting held yesterday afternoon at the Fairview Hotel, Fruitvale, to co-operate with the United Improvement Club in opposing the calling of a "million dollar bond election."

Representatives of more than a dozen organizations were present to pass this resolution. Mrs. Camilla Buergermeister presiding over the session.

In the opinion of both federations the voting down of the enabling act in the recent election by the people of Alameda county clearly showed that the county did not wish to give the million dollars, and that the calling of another election would simply burden them with a heavy and useless expense.

In her speech Mrs. Russell made cutting remarks on "our American fear of a combination of opposing forces which have made us victims of our own instincts."

Park Commissioner Walter Manuel in presenting the cause of Oakland's parks, read a paragraph from the unpublished report of Dr. Heggeman which he is updating for an article "starting to the minds of east bay." In this report advocating the purchase of the chain of parks in no uncertain terms, the Berlin landscape expert denounced with German vigor the "penny-wise and pound-foolish citizen." The "public squand and private avarice" that everywhere balked progress and beauty.

DUTY TO LEAD. Explaining the history of Oakland's parks, the fact that this city has only one-ninth the number of park acres of the average city, and the forethought economy of buying now, the commissioner stated, "I feel that it is the duty of the park board to lead and not public opinion rather than to lag afterward. It is our duty to lead off. Otherwise in a few years we will be condemned for a lack of strength and foresight."

Dr. Carl Walker, while able to see the wisdom of the proposition, was dissuaded by Treas. Glen portion, objected to the proposed purchase on account of the present high tax rate. "Unless we can get a revenue from our harbor, we will soon have a tax rate of four per cent," he stated. "We will end up by killing our industry and it will be impossible for us to compete with cities with lower tax rates."

"If the purchase of the Joaquin Miller tract is desirable for sentimental reasons—it is neither especially beautiful nor does it provide an exceptional view in keeping with the surrounding area demanded by the city, it will be impossible to buy it as a landmark," advised Walker, who is the honorary member of the Council of Women. In conclusion he warned the delegates to the council against passing resolutions for parks, auditoriums, schools that might increase taxes.

The final speech of the afternoon was a talk on cotton by Mrs. Henry Rosenthal who advocated "Buy a Bale of Cotton."

FAMED SCULPTRESS DIES. WASHINGTON, Nov. 20.—Vivian Beam Hoxie, the sculptress who enjoyed the distinction of being the first woman of her profession to receive a commission from the government, died here today.

PIONEER NEWS-PAPER MAN PASSES

Harris Bishop, Former Editor, Dies After a Brief Illness.

Following an illness of some months, Harris Bishop, one of Oakland's best known newspaper writers, who for years had been affiliated with the different newspapers of the bay region, passed away this morning at his home, 541 E. Lombard avenue. He was 41 years of age.

Harris Bishop was the son of Dr. Simon Bishop and Mrs. Rowena Blinn Bishop, and is survived by a widow, Mrs. Mary Bishop, two sisters, Mrs. Wells Davis of Berkeley and Mrs. Robert Westcott of Honolulu, and three brothers, Charles E. Bishop, C. W. Bishop, and Frank C. Bishop.

Bishop began his newspaper career in Oakland, having at different times been associated with THE TRIBUNE, the San Francisco Chronicle and Examiner, and was, until a short time ago, managing editor of the Oakland Enquirer.

The funeral will be held Monday, arrangements to be announced tomorrow. Members of the editorial staffs of the Oakland newspapers will act as pallbearers.

MAY RAISE TITANIC. PHILADELPHIA, Nov. 20.—Firm in the belief that the White Star liner Titanic was sunk by an iceberg, which was itself aground on the summit of a submerged mountain, and that it can be located and raised, Captain J. Foster Buckhouse, English explorer and geographer, now here, will thoroughly investigate the scene of the disaster.

The investigation is to be part of the schedule of the International Oceanographic Expedition, which will set out from London in May of the coming year for a seven-year cruise. The expedition will have as its chief aim the definite locating of some 3000 reported uncharted dangers of the deep.

YOU CAN'T BRUSH OR WASH OUT DANDRUFF

The Simplest and Quickest Way is to Dissolve It.

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single grain and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you want to preserve your hair do by all means get rid of dandruff, for nothing destroys the hair more quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everyone notices it. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

100% Efficiency in Food

It takes money to buy food. What you get in return varies from 100% to nothing—according to the kind of food you invest in.

You owe it to your pocket book and your health to get the biggest return in nourishment and pleasure for the money, time and energy you expend.

Roman Meal, pound for pound, at a cost of only 8½c per lb. against an average of 20c per lb. for meat, has a greater total food value than meats.

Roman Meal

is a nourishing, palatable food whose vital qualities and whose distinctive nutty-flavor appeal favorably to all.

Served as mush, hotcakes, gems or muffins, Roman Meal makes a delightful, health promoting food for breakfast. It also makes delicious, nourishing cookies, fruitcakes, gingerbread and puddings. Recipes on every package.

Avoid drugs for CONSTIPATION and INDIGESTION

Your own doctor will tell you that Roman Meal will banish constipation and improve digestion because it supplies the bulk necessary to promote the natural muscular movements of the bowels, the deodorized flax furnishing a natural lubricant. Roman Meal positively regulates the most persistent and stubborn cases of constipation.

Roman Meal is 25c for a full 3 lb. package. At all grocers. Ask yours for a package today.

You should also try Roman Meal Bread. All good grocers have it.

Jumps for Life From Wild Engine; Injured

CLEVELAND, Nov. 20.—An Erie freight engine, traveling fifty miles an hour, ran wild into Cleveland today, endangering the lives of scores of persons at grade crossings, and resulting in a serious injury to J. S. Hinch, engineer, of Youngstown, who jumped to avoid what he considered sure death. The fireman succeeded in stopping the engine at fifty-fifth street, near the heart of the city.

When ten miles out of Cleveland the throttle broke and the engine lurched forward, breaking the coupling.

Fast Pace Outstrips Two Six-Day Teams

NEW YORK, Nov. 19.—The ten leading teams in the six-day bicycle race sprinted twice during the early morning and lapped two of their number, Ryan and Wehrhah, and Walmsley and Hasted.

Shortly afterwards Ryan and Wehrhah retired from the race. Walmsley and Hasted rode fast at the heels of the leaders all morning in an effort to make up the lost lap. The fast pace had cut down the number of teams from 15 to 12.

At 8 o'clock this morning 10 miles laps, three miles and 3 laps more than the record had been registered by the leading teams.

Newsboys Confess to Burning Four Schools

LOS ANGELES, Nov. 20.—Two small newsboys, Tom Coombs, aged 12, and Louis Esquivel, aged 10, yesterday confessed that they set fire to the East Seventh Street school house here which burned ten days ago with a loss of \$30,000. Tom's grievance against his teacher for demoting him to a lower grade was given as their motive.

Four schools have been fired in some manner in the past few weeks. Yesterday a group of school boys, calling themselves the "Secret Seven," confessed to starting another of the fires.

FIRE THREATENS APARTMENT.
Fire broke out this morning in the "castle" apartment house, 4154 Piedmont avenue. The fire started in the furnace room and for a time looked threatening, but the fire department were in time to prevent it spreading. The apartments are owned by Mrs. Flora Morrell.

HELD UP AND ROBBED.
SAN FRANCISCO, Nov. 20.—William Roland of 232 Harriet street was held up in front of his home early this morning by a lone high-class hoodlum of \$11.

Federation of Labor Settling Disputes

PHILADELPHIA, Nov. 20.—Jurisdictional disputes again held the attention of the delegates to the American Federation of Labor convention today. The controversy between the Blacksmiths' Union and the Tunnel and Subway Constructors' organization over the question whether tool dressers should come under the jurisdiction of the Blacksmiths or the Subway Constructors was decided in favor of the blacksmiths.

The jurisdictional fight between the Electrical Workers and the Theatrical Stage Employees' Union over the control of moving picture operators was won by the Stage Employees.

DIES SUDDENLY.
W. H. Snelder, a longshoreman, 55 years of age, died suddenly last night while on his way to his home, 3131 Outburst street. It is believed that the cause of death was heart trouble. Snelder was found on the sidewalk by passersby, and Dr. J. H. Stark was summoned. The man was dead before the physician arrived. The body was removed to the morgue, where an inquest will be held. Snelder was unmarried.

BIG CROWDS WILL SEE DEDICATION

California Building at Exposi-
tion to Be Scene of
Ceremony.

SAN FRANCISCO, Nov. 20.—Prepara-
tions are being made for handling the
large crowd of the exposition's history
on the occasion of the dedication of the
California building tomorrow afternoon.
It is estimated that approximately 50,000
people will be attracted to the ex-
position grounds by the event, which
is of interest to every Californian.
To avoid any congestion on the broad
exposition grounds the engineering de-
partment of the exposition division of
works has carefully planned for the
movement of both pedestrians and auto-
mobiles. The entrance to the grounds,
the Baker street entrance to the grounds,
which is nearest to the dedication site,
and will be opened through the beau-
tiful Court of Honor leading to the ex-
position grounds. The California building
is located west of the California building
and will leave the grounds by way of the
Post Road gate into the President, near
the Massachusetts building.

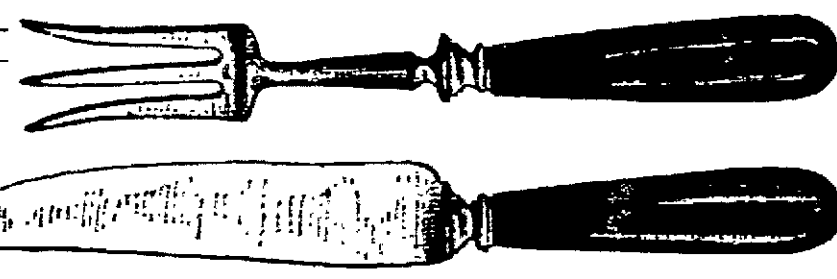

HELD IN GARDENS.

The dedication ceremonies are to be
held in the gardens at the eastern side
of the California building. Following
the formal dedication ceremonies, en-
trance to the building will be through
the building, where the reception and
dance are to be held, will be had through
the south entrance to the building.
Tickets of admission to the reception and
dinner, which include admission to the
exposition grounds, will be on sale Satur-
day at the Fillmore and Baker street
entrances to the grounds, and at the
entrance to the California building. At
present they may be had from members
of the Women's Board, at the main
rooms in the exposition building and at
the leading hotels and music stores, and
the stores of the Owl Drug Company.

More than two hundred tables have
been reserved for the afternoon or per-
sons desirous of making special con-
tributions to the fund for furnishing the
California building, to which the pro-
ceeds of the affair are to be devoted.
Seating and table accommodations will
be provided free, however, to all ticket
holders. Guides at the building entrance
will direct visitors to their tables.
Extra day visitors work of additional
delegations that are to come by special
train and boat for this great California
occasion. In addition to those already
announced a special train will be run
from Sacramento by the Oakland, Antioch
and Eastern railroad, bringing the
delegations from the Sacramento valley
country. Special boats will be run from
Stockton by the California Navigation
and Improvement company, which has
set an excursion rate to \$1.50. The
Route system, serving the Key
Route system, will be run from
at 12 noon and at 1:30 o'clock. The re-

FRUIT LAXATIVE IF CONSTIPATED, TAKE 'CALIFORNIA SYRUP OF FIGS'

Best Liver and Bowel Regula-
tor for Mamma, Daddy and
Children.

If you're headachy, constipated,
bilious or stomach is disordered and
you want to enjoy the nicest liver and
bowel cleansing you ever experienced,
take a tablespoonful of "California
Syrup of Figs" tonight and in the
morning all the constipation poison,
bile and clogged-up waste will gently
move out of the system without
straining and you will feel splendid.
Every member of the family should
use this fruit laxative as occasion de-
mands. It is just as effective for

grandpa as it is for baby. It simply
can not injure. Even cross, sick, fev-
erish children just love its pleasant
taste and mothers can rest easy after
giving it, because it never fails to
effect a good "inside cleansing."
For thirty years "California Syrup
of Figs" has been recommended by
physicians as the ideal stomach, liver
and bowel cleanser. Millions of fam-
ilies who are well informed, use
nothing else, but recently there has
come a flood of spurious fig syrups,
so we warn the public to ask plainly
at drug stores for a 50-cent bottle of
"California Syrup of Figs," and see
that it is prepared by California Fig
Syrup Company. We make no
cheaper size. Hand back any
"counterfeit" with contempt.—Adv.

PASTOR UPHELD BY CHURCH VOTE

Rev. Slaughter's Resignation
Refused by Chico Con-
gregation.

Chico, Nov. 20.—By a vote of 122 to 6
the congregation of the First Baptist
church here has refused to accept the
resignation of their pastor, Rev. Madison
Slaughter. Rev. Slaughter offered his
resignation last Sunday, with the ex-
planation that certain members of the church
were attacking his character and criti-
cizing members of his family.

Westwood, Nov. 20.—Mrs. Robert Car-
ter suffered a broken arm and Mrs. John
Ehlers a broken rib and their husbands
received minor bruises when thrown out
of a buggy going down a steep hill.
A brace to the tongue broke, causing
the rig to plunge from the road bed and
capsize.

San Francisco, Nov. 20.—B. N. Bur-
bey, a pioneer of this county, who has
been identified with the official life of
the county in the capacity of sheriff and
tax collector, died yesterday at the White
hospital, where he has been confined for
some time, suffering with the infirmities
of old age. He was 87 years of age.

Sacramento, Nov. 20.—The legislative
counsel bureau, in answer to a question
put by Senator E. S. Biddell, regarding
the El Dorado, Plumas, Nevada, and
Placer counties, has decided the code
provisions allowing justices of the peace
to collect the fees of the office are in
conflict with the section of the constitu-
tion prohibiting the appropriation of fees
by judicial officers. As a result, it is
probable that the justices in more than
40 counties of the State will serve with-
out remuneration, although forced to con-
tinue their official duties.

San Rafael, Nov. 20.—Sitting for Judge
Zook of Marin county, Superior Judge
John Hunt of San Francisco has started
the trial of the divorce action of Mrs.
May H. Feigenbaum against Sanford Fel-
denbaum, a former partner of San Fran-
cisco. The case will be resumed tomor-
row. Mrs. Feigenbaum alleges cruelty,
and the defendant makes the same
charge in a cross-complaint.

Petaluma, Nov. 20.—Business was sus-
pended here yesterday for the big holiday
show and ball game and the business
streets of the city were lined with peo-
ple, the receipts being greater than the
day before.

Martinez, Nov. 20.—Finding that the
running down of little Ruth, guest of
Santa Fe train No. 41, at Nichols, a few
days ago, was accidental, a coroner's
jury yesterday found that if the proper
care had been used in starting the train
and proper watchfulness observed the ac-
cident could have been avoided. The
child was playing in front of the en-
gine, which was going so slow that it
was stopped five feet beyond the point
where the girl was killed.

Santa Rosa, Nov. 20.—Announcement
was made here yesterday of the no-
narrating marriage of Miss Edith Flack,
former Stanford student and prominent
San Jose girl, and Carl Schupp, former
leader in Stanford athletics and soon to
be graduated as a physician. Schupp is
son of Mrs. Schupp of Sonoma county,
this city. The marriage will take
place at Christmas.

TAFT ADDRESSES PSI UPSILON FRATERNITY

CHICAGO, Nov. 20.—Professor
William H. Taft—he let it be known
that he prefers that title—told mem-
bers of the Psi Upsilon fraternity at
their annual luncheon here yesterday
that the bonds between England and
the United States were the bonds
formed by university men. Comment-
ing on criticism of fraternities that
they encourage caste distinctions, he
remarked:

"What makes the world a living,
growing thing is not that we are
based on equality, but on inequality.
There must be inequality of awards
to stimulate human nature to greater
and higher things."

Professor Taft came to Chicago to
deliver three lectures at the University
of Chicago.

Despondency Due to Indigestion.
It is not at all surprising that persons
who have indigestion become discouraged
and despondent. There are a few words
of hope and cheer for them by Mr.
Blanche Bowers, Indiana, Pa. "For
years my digestion was so poor that I
could only eat the lightest food. I tried
everything that I heard of to get relief
but not until about a year ago when I
saw Chamberlain's Tablets advertised
and got a bottle of them did I find the
right treatment. I soon began to improve
and soon taking a few bottles of them
my digestion is fine." For sale by Ge-
neal Bros. Drug Stores.

PLANS COMPLETE FOR BIG DRILL

Policemen to March in Review
at Lakeside
Park.

The semi-annual inspection and review
of the Oakland police department will be
held this year at Lakeside Park, instead
of on the Harrison boulevard, as on for-
mer years. The review is to be held on
Tuesday afternoon, December 1, at 2
o'clock. Invitations are being sent out
by Chief of Police Walter J. Petersen to
members of various police departments

about the bay, the city officials of Oak-
land and the nearby cities to attend. A
grandstand will probably be provided for
the invited guests.

The police are already being drilled by
Captains J. F. Lynch and Cahries Eck-
in preparation for the review. Every ef-
fort is being made to have the depart-
ment make a showing that will be credit-
able to it as a semi-military organization.
The drill will be the first day on which
the police will resume the regulation blue
uniform in place of the khaki worn as a
summer costume in the Oakland depart-
ment. All the members of the force have
been ordered to obtain new uniforms, as
the regulation length of coat and other
details of the uniform have been changed
during the year. In place of the long
blue coat a shorter garment, double-
breasted, will be worn in future.
It is anticipated that an exceptionally
excellent showing will be made in a dis-
play of motor vehicle equipment. This
has been increased considerably of late.
The numerous auto patrol roadabouts, the
big patrol wagons and ambulances, and
the large touring cars will all be in evi-
dence.
